Vice President, Personnel

INDEPENDENT AUDITORS' REPORT

Administrative Committee
Nordstrom Employee Deferral Retirement Plan
Seattle, Washington

We have audited, by fund and in total, the accompanying statements of net assets available for benefits of the Nordstrom Employee Deferral Retirement Plan (a component of the Nordstrom Profit Sharing Retirement Plan) (the Plan), comprising, respectively, the Money Market, Balanced, and Nordstrom Stock Funds, as of January 31, 1994 and 1993, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, by fund and in total, in all material respects, the net assets available for benefits of the Plan as of January 31, 1994 and 1993, and the changes in net assets available for benefits for the years then ended in conformity with generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules of (1) assets held for investment at January 31, 1994 and (2) reportable transactions for the year then ended are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 1994 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

NORDSTROM EMPLOYEE DEFERRAL RETIREMENT PLAN

(a component of the Nordstrom Profit Sharing Retirement Plan)

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JANUARY 31, 1994 AND 1993

NOTE 1: THE PLAN

General: The Nordstrom Employee Deferral Retirement Plan (the Plan) is the 401(k) savings element of the Nordstrom Profit Sharing Retirement Plan (Profit Sharing Plan). The 401(k) savings element came into effect on February 1, 1988, through an amendment to the Profit Sharing Plan. In August 1990, with an effective date of February 1, 1989, a separate plan agreement was created for the 401(k) savings plan.

All employees of Nordstrom, Inc. and subsidiaries (the Company) are eligible to participate in the Plan on the anniversary date of the Plan following the completion of one full year of continuous service. Eligible participants must work at least 1,000 hours during the payroll calendar year and be employed on January 31 to remain eligible. At January 31, 1994, there were approximately 15,100 employees covered by

the Plan.

Employer contributions and allocation: The Company's contribution consists of a match of 25% of the participants' voluntary contributions up to 6% of the participants' annual compensation.

Investment programs: Participants enrolled in the Plan are able to direct their investment (including Company matching contributions) between any or all of three funds - a money market fund, a balanced fund and a Nordstrom stock fund. The money market fund consists of investments in secure, high yield, short-term money market instruments. The balanced fund consists of investments in diversified common stock, government and corporate bond funds, and cash. The Nordstrom stock fund consists primarily of shares of common stock of Nordstrom, Inc., the Plan sponsor.

Participation in investment activity: Participants' individual accounts are credited with a pro rata share of investment income experienced by the respective fund(s) into which they have directed their contributions.

Vesting in the Plan: Participants receive the Company contributions if they have worked at least 1,000 hours and are employed through January 31 of the Plan year, at which time the Company contribution is 100% vested. All participants' contributions are fully vested.

Method of payment: Distributions of Plan benefits are made to the participant or beneficiary in single lump-sum payments, subject to the withdrawal restrictions as set forth in the Plan agreement.

8

Participant loans: Plan participants may obtain loans against their account balances, repayable over periods not to exceed 20 years, provided that certain conditions are met and that approval is obtained from the Plan trustee.

Benefits payable: In 1993 the Plan changed its method of accounting for benefits payable to comply with the 1993 AICPA Audit and Accounting Guide, Audit of Employee Benefit Plans. The new guidance requires that benefits payable to persons who have withdrawn from participation in a defined contribution plan be disclosed in the footnotes to the financial statements rather than be recorded as a liability of the Plan. As of January 31, 1994, net assets available for benefits included benefits of \$1,238,881 due to participants who have withdrawn from participation in the Plan.

Trustee and administrator of the Plan: The trustee of the Plan is First Interstate Bank of Washington, N.A.

The Plan is administered by a five-member committee comprised of the following individuals:

Bruce A. Nordstrom - Co-Chairman of the Board of Directors of the Company and Chairman of the Committee

John N. Nordstrom - Co-Chairman of the Board of Directors of the Company

Raymond A. Johnson - Co-President of the Company

D. Wayne Gittinger - Director of the Company

Joseph V. Demarte - Vice President and Director of Personnel of the Company

Termination of the Plan: The Company reserves the right to suspend, discontinue, or terminate the Plan at any time. A suspension or discontinuance will not constitute termination of the Plan.

In the event the Plan is terminated, the respective accounts of the participants under the Plan shall become fully vested and nonforfeitable. After payment of expenses properly chargeable against the Plan, the trustees shall distribute all Plan assets to the participants in the proportions determined by their respective account balances.

Tax status: The Plan obtained its latest determination letter in April 1989, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving this determination letter. However, the Plan administrators believe that the Plan is currently designed and being operated in compliance with the

applicable requirements of the Internal Revenue Code. Therefore, the Plan administrators believe that the Plan was qualified and the related trust was tax-exempt as of January 31, 1994, and no provision for income taxes is required.

9

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Cash equivalents: The Plan considers all short-term investments with a maturity at date of purchase of three months or less to be cash equivalents.

Investment income: Net realized and unrealized investment gain (loss) is calculated based upon the beginning of the year fair value of investments and the cost of investments purchased during the year.

NOTE 2: INVESTMENTS

The investments of the Plan are stated at fair value.

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets at the end of the year:

	1994 -----	1993 -----
Money Market Fund:		
First Interstate Bank, Employee Benefit Cash Management Portfolio	\$18,293,112	\$15,250,697
Balanced Fund:		
First Interstate Bank, Pooled Equity Funds	19,193,883	12,751,565
First Interstate Bank, Pooled Fixed Income Funds	11,102,301	7,701,397
Nordstrom Stock Fund:		
Nordstrom, Inc. common stock	28,852,250	25,943,112
