## Commonly Asked Questions and Answers About the Annual Meeting

### 1. Why am I receiving these materials?

You are receiving these materials because you are a shareholder of Nordstrom, Inc. and are entitled to receive notice of the 2006 Annual Meeting of Shareholders and to vote on matters that will be presented at the meeting.

### 2. What is the purpose of the Annual Meeting?

Our shareholders meet annually to elect directors and to make decisions about other matters that come before the meeting. In addition, management will report on the performance of the Company and respond to questions from shareholders.

### 3. What is a proxy?

If you designate another person to vote your stock, that other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card. If you complete the enclosed proxy card to give us your proxy, you will have designated Blake W. Nordstrom, President of the Company, and David L. Mackie, a Vice President of the Company and our Corporate Secretary, as your proxies to vote your shares as directed.

### 4. What is the purpose of this proxy statement?

This proxy statement provides information regarding matters to be voted on by shareholders at the Annual Meeting and other information regarding the governance of the Company.

### 5. What does it mean if I receive more than one package of proxy materials?

This means that you have multiple accounts holding Nordstrom shares. These may include: accounts with our transfer agent, Mellon Investor Services LLC; accounts holding shares that you have purchased under the Company's 401(k) Plan & Profit Sharing, stock option or employee stock purchase plans; and accounts with a broker, bank or other holder of record. Please vote all proxy cards and voting instruction forms that you receive with each package of proxy materials to ensure that all of your shares are voted.

### 6. What is the record date and what does it mean?

The record date for the 2006 Annual Meeting of Shareholders is March 15, 2006. Owners of the Company's Common Stock at the close of business on the record date are entitled to receive notice of the Annual Meeting and to vote at the meeting.

### 7. Is there a minimum number of shares that must be represented in person or by proxy to hold the Annual Meeting?

Yes. A quorum is the number of shares that must be present to conduct business at the Annual Meeting. The quorum requirement is shares that represent a majority of the outstanding shares as of the record date. Shares necessary to meet the quorum requirement may be present in person or represented by proxy.

Your shares will be counted to determine whether there is a quorum if you submit a valid proxy card, voting instruction form, give proper instructions over the telephone or on the Internet, or attend the meeting in person.

### 8. Who can vote on matters that will be presented at the Annual Meeting?

You can vote if you were a registered or beneficial shareholder of the Company at the close of business on the record date of March 15, 2006.

**9. What is the difference between a registered shareholder and a beneficial shareholder?**

If your shares are registered directly in your name with the Company's transfer agent, Mellon Investor Services LLC, you are considered, with respect to those shares, the "shareholder of record" or a "registered shareholder." As a result, the Company has sent this proxy statement directly to you.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the "beneficial shareholder" of shares held in street name. This proxy statement has been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet.

**10. How many votes am I entitled to per share?**

Each share of Common Stock is entitled to one vote on each matter properly presented at the Annual Meeting.

**11. Does the information in this proxy statement reflect the stock split that occurred in fiscal year 2005?**

Yes, all stock-related numbers in these materials reflect the two-for-one stock split that was effective on June 30, 2005.

**12. Who will count the vote?**

ADP Investor Communication Services was appointed by the Board of Directors to tabulate the vote and act as Inspector of Election. Information about ADP is available at [www.adp.com](http://www.adp.com).

**13. How do I cast my vote?**

**Registered Shareholders:** There are three ways you can cast your vote:

- complete and properly sign the proxy card and return it to ADP in the postage paid envelope provided. If voting by mail, please allow sufficient time for the postal service to deliver your proxy card to ADP before the meeting;
- vote by telephone or on the Internet by following the instructions included on your proxy card; or
- attend the meeting and deliver your completed proxy card or complete a ballot in person.

**Beneficial Shareholders:** Your proxy materials include a voting instruction form from the institution holding your shares. The availability of telephone or Internet voting will depend upon the institution's voting processes. You may also vote in person at the Annual Meeting if you obtain a legal proxy from the institution holding your shares. Please contact the institution holding your shares for information.

**Shareholders holding shares invested in the Company's 401(k) Plan & Profit Sharing:** If you participate in the Company's 401(k) Plan & Profit Sharing, the number of shares of Common Stock in your account as of the record date are reflected on your proxy card and may be voted as described above for "Registered Shareholders".

**14. What is the voting requirement to approve each of the proposals?**

- Election of Directors: The nine persons receiving the highest number of votes cast by the shares entitled to vote at the meeting will be elected.
- All Other Proposals: All other proposals will be adopted if the votes cast in favor of the respective action exceed the votes cast against it.

**15. Can I change my mind after I vote?**

Yes, if you vote by proxy, you may revoke that proxy at any time before it is voted at the meeting.

You may do this by:

- voting again on the Internet or by telephone prior to the meeting;

- signing another proxy card with a later date and mailing it to ADP Investor Communication Services, 51 Mercedes Way, Edgewood, NY 11717, prior to the meeting; or
- attending the meeting in person and delivering your proxy or casting a ballot.

**16. How are my shares voted if I do not cast my vote?**

**Registered Shareholders:** If you are a registered shareholder and do not return your voted proxy card or vote by phone or the Internet, or if you submit your proxy card with an unclear voting designation or no voting designation at all, your shares will not be voted.

**Beneficial Shareholders:** Your shares may be voted if they are held in the name of a broker, bank or other intermediary, even if you do not provide the holder with voting instructions. Brokerage firms and banks generally have the authority, under New York Stock Exchange rules, to vote shares on certain “routine” matters for which their customers do not provide voting instructions. Of the three proposals to be presented at the Annual Meeting of Shareholders, Proposal 1 – Election of Directors, and Proposal 3 – Ratification of the Appointment of Independent Registered Public Accounting Firm for the Company, are considered routine matters. Proposal 2 – Amendment to the Company’s Employee Stock Purchase Plan, and any other matter which may be presented at the meeting (see “Other Matters”, page 10), are not considered routine matters. When a proposal is not a routine matter and the institution holding the shares has not received voting instructions from the beneficial owner of the shares with respect to those proposals, the institution cannot vote the shares on that proposal. This is called a “broker non-vote.” Please be aware that beneficial owners of shares held by brokers, banks or other intermediaries may not vote their shares in person at the Annual Meeting unless they first obtain a written authorization to do so from their broker, bank or other intermediary and can only change or revoke previously issued voting instructions pursuant to instructions provided by their broker, bank or other intermediary.

**Shareholders with shares invested in the Company’s 401(k) Plan & Profit Sharing:** If your vote of Common Stock held through the Company’s 401(k) Plan & Profit Sharing is not received by 2:00 p.m. Pacific Daylight Time on May 19, 2006, then the Company’s Retirement Committee will vote your shares in the same proportion as shares that have been voted in the 401(k) Plan & Profit Sharing.

**17. Will abstentions or broker non-votes affect the voting results?**

If you abstain from voting on a proposal, or if a broker or bank indicates it does not have discretionary authority to vote on a proposal, the shares will be counted for the purpose of determining if a quorum is present, but will not be included in the vote totals with respect to the proposal. Any abstention or broker non-vote (a broker non-vote is explained in the answer to Question 16) will have the effect of voting against a nominee in the election of Directors, but will have no effect on the remaining proposals to be considered at the meeting since this action does not represent votes cast by shareholders.

**18. Where can I find the voting results of the Annual Meeting?**

We intend to announce preliminary voting results at the Annual Meeting and publish final results in our quarterly report on Form 10-Q (Part II, Item 4) for the second quarter ending July 29, 2006 and online at [www.nordstrom.com](http://www.nordstrom.com). Go to *Investor Relations*, then click *Financial Reports*, then click *Proxy Statements & Other Reports*.

**19. How does a shareholder propose actions for consideration at next year’s Annual Meeting of Shareholders?**

For your proposal to be considered for inclusion in our proxy statement for next year’s Annual Meeting, we must receive your written proposal no later than December 12, 2006. You should be aware that your proposal must comply with Securities & Exchange Commission (“SEC”) regulations regarding inclusion of shareholder proposals in company-sponsored proxy materials.

Similarly, in order for you to raise a proposal (including director nominations) from the floor during next year’s meeting, we must receive written notice of the proposal between January 24, 2007 and February 23, 2007,

and it must contain information required by the Company's Bylaws, as described on page 14 of this proxy statement.

Please mail your proposals to the attention of the Corporate Secretary, 1700 Seventh Avenue, Seattle, Washington 98101-1397.

**20. Can I receive future proxy materials online?**

Yes. If you choose this option you will not receive paper copies of the proxy statement and annual report in the mail. Choosing this option will save the Company printing and mailing costs and may benefit the environment.

You may sign up to receive future proxy materials online at [www.nordstrom.com](http://www.nordstrom.com). Go to *Investor Relations*, then click *Proxy E-Delivery*. If you are both a registered shareholder and a beneficial shareholder you must sign up for each category. Your choice to receive Internet distribution of your proxy materials will remain in effect until you revoke it by returning to the site and clicking the *Change/Cancel Existing Enrollment* link.

**21. Who will bear the costs of this proxy solicitation?**

The Company will bear the cost of this proxy solicitation, including reimbursing banks and brokers for reasonable expenses of sending out proxy materials to beneficial shareholders.

**22. What if I have additional questions that are not addressed here?**

You may call Investor Relations at 206-303-3200, e-mail Investor Relations at [invrelations@nordstrom.com](mailto:invrelations@nordstrom.com), or call the Corporate Secretary at 206-303-4401.

**Proposal 2**  
**Approval of an**  
**Amendment to the**  
**Company's Employee**  
**Stock Purchase Plan**

**The Board of Directors recommends a vote FOR this proposal.**

**GENERAL**

At the Annual Meeting, Shareholders will be asked to approve an amendment to the Nordstrom, Inc. Employee Stock Purchase Plan (the "Stock Purchase Plan") which will increase the maximum number of shares of Common Stock authorized for issuance under the Stock Purchase Plan by 2,400,000 shares. The Stock

Purchase Plan offers eligible employees the opportunity to acquire a stock ownership interest in Nordstrom through periodic payroll deductions that are applied towards the purchase of Nordstrom Common Stock at a discount from the then-current market price. The primary purpose of the amendment is to ensure that Nordstrom will have a sufficient reserve of Common Stock available under the Stock Purchase Plan to provide eligible employees of Nordstrom and its participating subsidiaries with the continuing opportunity to acquire a proprietary interest in Nordstrom through participation in the Stock Purchase Plan.

The Stock Purchase Plan was originally adopted by the Board of Directors in November 1999 and approved by our Shareholders in May 2000. In February 2005, in order to mitigate the financial impact of FAS 123(R) on Nordstrom, the Compensation Committee approved an amendment to the Stock Purchase Plan effective for offering periods commencing on and after April 1, 2005, which removed the look-back feature for establishing the purchase price and which reduced the stock purchase discount from 15% to 10%. In February 2006, at the recommendation of the Compensation Committee, the Board of Directors approved the adoption of an amendment to the Stock Purchase Plan that is the subject of this Proposal and, if approved by the Shareholders, will increase the aggregate number of shares of Nordstrom Common Stock that may be purchased under the Stock Purchase Plan as of the Record Date by 2,400,000 shares. As of March 15, 2006, out of the original authorization of 7,000,000 shares, there were 1,362,889 shares available for future purchase under the Stock Purchase Plan.

The following is a summary of the principal features of the Stock Purchase Plan. This summary is qualified in all respects by reference to the full text of the Stock Purchase Plan, which has been filed with the SEC as an Appendix to this Proxy Statement.

**SUMMARY OF THE PLAN**

Shares of Common Stock are offered under the Stock Purchase Plan through a series of consecutive offering periods, each with a maximum duration of six months. Offering periods commence each April 1 and October 1. Purchases occur on the last trading day of each March and September.

With certain exceptions, any eligible employee of the Company on February 1 who remains an employee through April 1 may participate in the offering period commencing April 1, and any employee of the Company on August 1 who remains an employee through October 1 may participate in the offering period commencing October 1. The price at which the employee may purchase the Common Stock is 90% of the closing price for the Common Stock as reported by the New York Stock Exchange on the day the offering period terminates. An employee may elect to have up to 10% of his or her compensation withheld for the purpose of purchasing Common Stock under the Stock Purchase Plan. As of the last day of each offering period, each participant is deemed to have been granted an option to purchase up to the lesser of (i) 1,000 shares or (ii) that whole number of shares determined by dividing the amount of the participant's compensation withheld during the offering period by 90% of the fair market value of the Common Stock as determined at the end of the offering period.

Unless the participant elects to withdraw from the offering prior to the end of an offering period, each participant who continues to be employed as an employee by the Company as of the end of an offering period is deemed to have exercised the option and purchased on such date the number of shares as may be purchased with the amount of his or her payroll deductions at the offering price (subject to the maximum number covered by his or her option). If employees subscribe to purchase more than the number of shares of Common Stock available during any offering, the available shares are allocated on a pro rata basis to subscribing employees.

The Board of Directors of the Company may at any time amend, suspend or terminate the Stock Purchase Plan. However, except in connection with certain reorganizations or recapitalizations of the Company, any increase in the aggregate number of shares of Common Stock issuable under the Stock Purchase Plan is subject to approval by a vote of the Shareholders. Moreover, the Stock Purchase Plan will automatically terminate on the date on which all shares available for issuance thereunder are sold pursuant to exercised purchase rights.

The Stock Purchase Plan is administered by the Compensation Committee, which is authorized to make rules and regulations regarding the administration and interpretation of the Stock Purchase Plan. All costs and expenses incurred in plan administration are paid by the Company without charge to participants.

#### FEDERAL INCOME TAX CONSEQUENCES

The Stock Purchase Plan is intended to be an “employee stock purchase plan” within the meaning of Section 423 of the Internal Revenue Code of 1986, as amended (the “Code”), which provides that the employee does not have to pay federal income tax with respect to shares purchased under the Stock Purchase Plan until he or she sells the shares.

If the employee has owned the shares for more than one year and sells or otherwise disposes of them at least two years after the day the offering commenced, the employee will recognize ordinary income in the year of sale or disposition equal to the lesser of (i) ten percent (10%) of the market price of the shares on the date the offering commenced over the price paid or (ii) the difference between the amount realized on the disposition over the price paid. Any additional gain upon the sale or disposition will be taxed as a long-term capital gain. The Company will not be entitled to an income tax deduction with respect to such sale or disposition.

If an employee sells or otherwise disposes of the shares before he or she has owned them for more than one year or before the expiration of a two-year period commencing on the day the offering commenced, that employee will recognize ordinary income in the year of sale or disposition equal to the amount of the difference between the purchase price and the fair market value of the shares on the date of purchase, and the Company will receive an income tax deduction for the same amount for the taxable year in which such disposition occurs. Any additional gain or loss recognized on the sale or disposition of the stock will be short-term or long-term capital gain or loss, depending on how long the employee owned the stock.

#### NEW PLAN BENEFITS

Participation in the Stock Purchase Plan is entirely within the discretion of the eligible employees of the Company. As a result, the Company cannot forecast the extent of future participation. Therefore, the Company has omitted the tabular disclosure of the benefits or amounts allocated under the Stock Purchase Plan.

#### RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors believes that it is in the best interests of the Company and its Shareholders to amend the Stock Purchase Plan in order to provide the Company’s current and prospective employees with the continuing opportunity to acquire an equity interest in the Company through the Stock Purchase Plan and that this amendment will advance the interests of the Company’s shareholders. Absent the approval of this Proposal Two, it is anticipated that the reserve of Common Stock available for purchase under the Stock Purchase Plan may be exhausted by May 2007, which would at that time result in the termination of the Stock Purchase Plan.

#### **Proposal 3 Ratification of the Appointment of Independent Registered Public Accounting Firm**

#### **The Board of Directors recommends a vote FOR this proposal.**

Consistent with the New York Stock Exchange and SEC rules, the Company’s independent registered public accounting firm is selected by the Audit Committee of the Board of Directors. Deloitte & Touche LLP (“Deloitte”) and its predecessors have served as the Company’s independent registered public accounting firm for over thirty-five years, including the fiscal year ended January 28, 2006. Formal selection of the Company’s outside accounting firm for the current fiscal year has

not yet been made since the Audit Committee has not received and considered Deloitte’s proposed service plan for the upcoming 2006 financial statement audit.

The Audit Committee expects that it will appoint Deloitte as the Company’s independent registered public accounting firm for the fiscal year ending February 3, 2007 once it receives and considers Deloitte’s service plan.

As a matter of good corporate practice to provide shareholders an avenue to express their views on this matter, the Board has determined to seek shareholder ratification of Deloitte at this time. If the shareholders do not ratify the anticipated appointment of Deloitte, the Audit Committee will take the shareholders' view into account when considering the appointment of the Company independent registered public accounting firm. The Audit Committee may also choose a different independent registered public accounting firm even if the shareholders ratify the selection of Deloitte should the Audit Committee determine that a change would be in the best interest of the Company and our shareholders.

A representative of Deloitte will be present at the Annual Meeting, will have the opportunity to make a statement if he or she so desires, and will be available to respond to questions.

**Audit Fees.** The Company paid the following fees to Deloitte for the fiscal years ended January 28, 2006 and January 29, 2005:

Fiscal Year Ended:	January 28, 2006	% of Total Fees for Year	January 29, 2005	% of Total Fees for Year
Audit Fees (a)	\$2,031,057	95%	\$2,199,139	82%
Audit-Related Fees (b)	67,016	3%	214,459	8%
Tax Fees (c)	40,823	2%	270,185	10%
All Other Fees (d)	3,000	0%	—	0%
	\$2,141,896	100%	\$2,683,783	100%

(a) Audit fees primarily included services for (i) auditing the consolidated financial statements of the Company and the separate financial statements of two of the Company's wholly-owned subsidiaries, Nordstrom fsb and Façonnable SAS; (ii) reviewing the interim financial information of the Company included in its Form 10-Qs and its wholly-owned subsidiary, Nordstrom Credit, Inc.; (iii) auditing the Company's internal control over financial reporting with the objective of obtaining reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects; (iv) attesting to management's report on the effectiveness of internal control over financial reporting; (v) providing services that are customarily provided by the auditor in connection with statutory and regulatory filings or engagements. Deloitte's work on these audits was performed by full time, regular employees and partners of Deloitte. The audit fees were higher in the fiscal year ended January 29, 2005 because the Company revised its lease accounting policies following the issuance of guidance by the SEC's Chief Accountant in February 2005; this required additional audit services from Deloitte.

(b) Audit-related fees are fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and internal control over financial reporting.

(c) Tax fees include analysis of (i) the income tax basis of our fixed assets and (ii) foreign income taxes.

(d) All other fees consist of an accounting research tool subscription fee.

### ***Pre-Approval Policy***

Consistent with SEC policies regarding auditor independence, the services performed by Deloitte for the fiscal years ended January 29, 2005 and January 28, 2006 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee on April 1, 2003. This policy is regularly reviewed and updated. It describes the permitted audit, audit-related, tax, and other services that Deloitte may perform. Normally, pre-approval is provided at regularly scheduled Audit Committee meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been assigned to the Chair of the Audit Committee. The Chair must update the Audit Committee at the next regularly scheduled meeting of any services that were pre-approved between meetings.

In addition, the Audit Committee requests a range of fees associated with each proposed service. Providing a range of fees for a service incorporates appropriate oversight and control of the Deloitte relationship, while permitting the Company to receive immediate assistance from Deloitte when time is of the essence.

The Committee also reviews, at each of its regularly scheduled meetings:

- a listing of approved services since its last review;
- a report summarizing the year-to-date services provided by Deloitte, including fees paid for those services; and
- a projection for the current fiscal year of estimated fees.

In addition, the policy prohibits the Company from engaging the independent registered public accountants for services billed on a contingent fee basis and from hiring current or former employees of the independent auditor who have not satisfied the statutory cooling-off period.

**Audit Committee.** During the past fiscal year the Audit Committee held four regularly scheduled meetings and conducted seven others via teleconference. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibility by reviewing and appraising the following:

- the accounting, auditing and financial reporting processes of the Company;
- the management of business and financial risk and the internal controls environment;
- the Company's compliance with legal and regulatory requirements;
- the effectiveness and efficiency of operations;
- the integrity of the Company's financial statements;
- reports resulting from the performance of audits by the independent registered public accounting firm and the internal auditors;

- the qualifications, independence and performance of the Company's independent registered public accounting firm;
- the performance of the Company's internal audit function;
- complaints registered through the Company's Whistleblower Hotline; and
- the performance of the Company's Disclosure Committee.

The Audit Committee meets regularly with the independent registered public accounting firm, management and the Divisional Vice President of Internal Audit to review accounting, auditing, enterprise risk management and financial reporting matters, and compliance with laws and regulations. The Audit Committee also meets privately and separately with each of the independent registered public accounting firm, the Chief Financial Officer and the Divisional Vice President of Internal Audit.

Each member of the Audit Committee meets the independence, financial literacy and experience requirements contained in the corporate governance listing standards of the New York Stock Exchange relating to audit committees. The Board of Directors has determined that all continuing Audit Committee members qualify as "audit committee financial experts" under Item 401(h) of Regulation S-K. Although all members of our Audit Committee meet the current NYSE regulatory requirements for accounting or related financial management expertise and the Board of Directors has determined that each of them qualifies as an "audit committee financial expert," members of our Audit Committee are not professionally engaged in the practice of auditing or accounting and are not technical experts in auditing or accounting.

**Compensation Committee.** During the past fiscal year the Compensation Committee held four regularly scheduled meetings and conducted two others via teleconference. The Compensation Committee is responsible, subject to the approval of the Board of Directors when applicable, for the following:

- evaluating annually the Company's goals and objectives relative to the Executive Management Group members' performance in light of these goals and objectives. (The Executive Management Group includes the Named Executive Officers shown in the Summary Compensation Table on page 29 and other business unit presidents and Company executives over major organizational functions reporting to the President or other senior executives);
- conducting annual performance evaluations of the Company's Executive Management Group members;
- establishing guidelines for a compensation strategy for executives and measuring the performance of the Executive Management Group members against these guidelines;
- reviewing and making recommendations to the Board of Directors regarding executives' cash and equity-based compensation plans; and
- reviewing and approving any benefit plans, retirement and deferred compensation or other perquisites offered to the Executive Management Group members.

**Corporate Governance and Nominating Committee.** During the past fiscal year the Corporate Governance and Nominating Committee held four regularly scheduled meetings and conducted one other via teleconference. The Corporate Governance and Nominating Committee is responsible for:

- reviewing and recommending individuals to the Board of Directors for nomination as members of the Board of Directors and its committees;
- reviewing possible conflicts of interest of Board members and the Company's executive officers;
- developing and reviewing the Company's Corporate Governance Guidelines;
- reviewing and administering the Company's Code of Business Conduct and Ethics;
- reviewing the Corporate Governance and Nominating Committee's new Director orientation program and continuing Director education programs;

- producing and providing to the Board an annual performance evaluation of the Board, its members and each committee of the Board;
- establishing succession procedures in the case of an emergency or the retirement of the President; and
- recommending to the Board of Directors the form and amount of Director compensation.

The Corporate Governance and Nominating Committee is also responsible for reviewing the overall performance of the President on an annual basis. The Committee recently completed that review and is supportive of the President's leadership of the Company.

**Executive Committee.** The Executive Committee has all of the authority of the Board of Directors when the Board of Directors is not in session, except to the extent the Executive Committee's authority is limited by the Committee's charter, by Washington State law and by the Board of Directors' resolution appointing the Executive Committee. The Executive Committee did not hold any meetings nor take any significant actions during the past fiscal year and historically has only exercised its authority to act on behalf of the Board of Directors in very limited circumstances.

**Finance Committee.** During the past fiscal year the Finance Committee held four regularly scheduled meetings. The Finance Committee is primarily responsible for:

- assisting the Board of Directors in fulfilling its oversight responsibilities with respect to the Company's capital structure, financial policies, capital investments, business and financial planning and related matters;

- monitoring the rating assigned by rating agencies to the Company's long-term debt.

## **Board Meetings**

During the past fiscal year, the Board of Directors held five regularly scheduled meetings, one of which was devoted entirely to Company strategy, and one additional meeting via teleconference. Committees of the Board of Directors held a total of 16 regularly scheduled meetings and 9 others via teleconference. Overall attendance at these meetings was approximately 95%. Each Director attended more than 75% of the aggregate of all meetings of the Board of Directors and the Committees on which he or she served during the year. Independent members of the Board met at each quarterly meeting of the Board in executive session without management present.

## **Attendance at the Annual Meeting of Shareholders**

Although all members of the Board are expected to attend the Annual Meeting of Shareholders, the Company has not adopted a formal policy on Board member attendance. Each member of the Board has indicated their intent to attend the 2006 Annual Meeting of Shareholders. Shareholders are encouraged to direct any questions that they may have to the Directors or management at that time. All members of the Board attended the 2005 Annual Meeting of Shareholders.

## **Lead Director/ Independent Presiding Director**

Enrique Hernandez, Jr. has been the Company's Lead Director since August 2000. As Lead Director, he plays an active role and devotes significant time and attention in advising the President, other members of the Executive Management Group and the Chairman of the Board of Directors on such matters as strategic direction, corporate governance and overall risk assessment. He also advises the President, the Chairman of the Board of Directors and, as appropriate, Committee chairs with respect to agendas and information needs relating to Board and Committee meetings, and performs other duties that the Board of Directors may from time to time delegate to assist the Board of Directors in the fulfillment of its responsibilities. Mr. Hernandez also serves as the Company's "Presiding Director" within the meaning of listing standards of the New York Stock Exchange. The primary responsibility of the Presiding Director is to lead regular executive sessions of the Board of Directors in which only independent Directors participate. Mr. Hernandez also serves as the Chair of the Audit Committee.

## **Director Nominating Process**

The Corporate Governance and Nominating Committee is responsible for identifying and recommending to the Board of Directors the nominees to stand for election as Directors at each Annual Meeting of Shareholders or, if applicable, at a special meeting of shareholders. In nominating candidates, the Corporate Governance and Nominating Committee considers several factors, including but not limited to, judgment, skill, diversity, experience with businesses and other organizations, the candidate's experience relative to the experience of other members of the Board and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board. The Committee has not established any minimum qualifications for Committee-recommended nominees.

The Corporate Governance and Nominating Committee will consider the qualifications of Director candidates put forth by shareholders. There are no differences in criteria used or the manner in which the Committee evaluates a nominee for Director who is recommended by a shareholder. Director candidate recommendations by shareholders must be made by notice in writing delivered or mailed by first class U.S. mail, postage prepaid, to the Chair of the Corporate Governance and Nominating Committee, in care of the Corporate Secretary of the Company, 1700 Seventh Avenue, Seattle Washington 98101-1742. Please indicate on the envelope "Corporate Governance and Nominating Committee."

As required by the Company's Bylaws, the notice must be received by the Corporate Secretary not less than 90 days nor more than 120 days prior to the anniversary of the immediately preceding Annual Meeting of Shareholders called for the election of Directors (between January 24, 2007 and February 23, 2007.) However, if the Annual Meeting is called for a date that is not within 30 days before or after the anniversary date, or no annual meeting was held in the immediately preceding year, notice by the shareholder in order to be timely must be received no later than the close of business on the tenth day following the day on which the notice of the Annual Meeting date was mailed to shareholders.

The notice must provide the following information for each proposed nominee who is not an incumbent director that the shareholder wishes to nominate:

- the name, age, business address and residence address of the person;
- the principal occupation or employment of the person;
- the number of shares of Company Common Stock which are owned beneficially or of record by the person; and
- any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and related rules.

The notice must also provide the following information about the shareholder giving the notice:

- the name and record address of the shareholder;
- the number of shares of Company Common Stock which are owned beneficially or by record by the shareholder;
- a description of all arrangements or understandings between the shareholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by the shareholder;
- a representation that the shareholder intends to appear in person or by proxy at the meeting to nominate the person named in its notice; and
- any other information relating to the shareholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and related rules.

The notice must be accompanied by a written consent of each proposed nominee to be named as a nominee and to serve as a director if elected. No director candidates were recommended by our shareholders for election at the 2006 Annual Meeting of Shareholders.

## **Compensation of Directors**

Employee Directors of the Company are not paid any fees for serving as members of the Board or any Board committee. Non-employee Directors of the Company are paid the following for their services:

- an annual award of Company Common Stock having a value of \$75,000;
- an annual cash retainer of \$50,000;
- the Audit Committee Chair and members are also paid annual retainers of \$15,000 and \$10,000, respectively;
- the Compensation Committee Chair and members are also paid annual retainers of \$12,500 and \$10,000, respectively;
- the Corporate Governance and Nominating Committee Chair and members are also all paid annual retainers of \$10,000; and
- the Finance Committee Chair and members are also all paid annual retainers of \$10,000.

The Board of Directors believes that payment of a significant portion of Director fees in the form of Company Common Stock enhances the alignment of the interests of Directors with the interests of the Company's shareholders.

Enrique Hernandez, Jr. has been the Company's Lead Director since August 2000. As described above on page 13, Mr. Hernandez devotes significant time and attention in performing the duties required of the Lead Director. For his continued services as Lead Director, in addition to the amounts set forth above, Mr. Hernandez is annually awarded shares of the Company's Common Stock having a value of \$200,000 under the 2002 Nonemployee Director Stock Incentive Plan. Mr. Hernandez specifically requested that compensation for his position as Lead Director be in the form of Company Common Stock so as to better align his interests with those of the Company's shareholders.

Non-employee Directors are also reimbursed for reasonable travel expenses for attending Board and Board Committee meetings, and their spouses who wish to attend the Annual Meeting of Shareholders are reimbursed for reasonable travel expenses for attending such meeting. All Directors and their spouses and eligible children may participate in the Company's merchandise discount program. The program provides a 20% discount for all eligible non-management employees and a 33% discount for all eligible management employees, Directors and retired Directors. The discount percentage for Directors and retired Directors who must include the value of the discount in their taxable income was increased this year by 11% to help offset federal income taxes assessed on the value of this benefit.

Directors may elect to defer all or a part of their Directors' fees under the Company's Directors Deferred Compensation Plan, which provides for the direction of contributions to any of 15 deemed investment alternatives. Directors may also defer all or a part of their annual stock awards.

## **Compensation Committee Interlocks and Insider Participation**

During the fiscal year ended January 28, 2006, no member of the Compensation Committee was an employee, officer or former officer of the Company or any of its subsidiaries, and no executive officer of the Company served on the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

## **Communications with Directors**

Shareholders may communicate with Directors by contacting the Corporate Secretary at (206) 303-4401 or by mail at 1700 Seventh Avenue, Seattle, Washington 98101-1742. The Corporate Secretary will relay the question or message to the specific Director with whom the shareholder wishes to communicate. If no specific Director is requested, the Corporate Secretary will relay the question or message to the Chairman of the Board.

Additionally, the Audit Committee has established procedures to respond to possible concerns about ethics and accounting-related practices. ### **Audit Committee Report**

Management is responsible for the Company's internal controls and the financial reporting process. Deloitte, the Company's independent registered public accounting firm, reports to the Company's Audit Committee, and is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America. Deloitte and the Company's internal auditors have full access to the Audit Committee. These auditors meet with the Audit Committee at each of the Audit Committee's regularly scheduled meetings, with and without management being present, to discuss appropriate matters.

The Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the fiscal year ended January 28, 2006 be included in the Company's Annual Report on Form 10-K for such fiscal year, based on the following:

- its review of the Company's audited consolidated financial statements;
- its review of the unaudited interim financial statements and Forms 10-Q prepared each quarter by the Company;
- its review of the Company's disclosure committee practices and the certificates prepared each quarter in accordance with Sections 302 and 906 of the Sarbanes-Oxley Act of 2002;
- its discussions with management regarding the critical accounting policies on which the financial statements are based, as well as its evaluation of alternative treatments;
- its receipt of management representations that the company's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America;
- its discussions with management and Deloitte regarding management's assessment of the effectiveness of the Company's internal controls over financial reporting and Deloitte's evaluation of the Company's internal control over financial reporting;
- its discussions with primary outside legal counsel regarding contingent liabilities; and
- its receipt of the letter from Deloitte required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and its discussions with Deloitte regarding their independence, the audited consolidated financial statements, the matters required to be discussed by the Statement on Auditing Standards (SAS) No. 61 (Communication with Audit Committees), as amended by SAS No. 89, (Audit Adjustments) and SAS No. 90 (Audit Committee Communications), and other matters, including Rule 2-07 of SEC Regulation S-X.

## Compensation Committee Report

The Compensation Committee is responsible for reviewing and approving the compensation program for the President and the Executive Management Group, which includes the Named Executive Officers shown in the Summary

Compensation Table on page 29 and other business unit presidents and Company executives over major organizational functions reporting to the President or other senior executives.

### Guiding Principles for Total Compensation

The Company has a pay-for-performance approach to total compensation that applies to all Company employees. The Committee supports this philosophy and uses the following guiding principles in overseeing executive compensation:

- motivate and reward our people to achieve meaningful results;
- focus on individual and organizational achievements that are best for the Company and our shareholders;
- attract and keep the best talent through programs that consider, but are not driven by, market practices;
- manage the cost of our programs while maintaining their value;
- keep things simple to promote understanding and enable employees to make informed decisions; and
- be attuned to regulatory compliance, trends and new ideas to support our programs and a diverse workforce.

### Total Compensation Components

The Committee relies on these guiding principles to oversee the total compensation program and its primary components of base salary, bonus, long-term incentives, benefits and retirement. The individual plans and programs that fall within these components make up the total compensation package for the President and members of the Executive Management Group, as follows.

Base salary	Fixed portion of pay
Bonus	Annual performance-based cash award
Long-term incentives	Stock options Performance share units Restricted stock
Broad-based benefits	Employee Stock Purchase Plan (see page 33) Medical, dental and vision coverage (employee shares cost) Pre-tax health and dependent care spending accounts Adoption assistance Employee referral services Merchandise discount Paid holidays and time off
Leadership Benefits	Executive Deferred Compensation Plan (see page 33) Medical reimbursement for selected coverage Disability coverage and life/accident insurance Financial planning reimbursement Parking (employee shares cost) Leadership Separation Plan (see page 30)
Retirement	401(k) Plan & Profit Sharing (see page 33) Supplemental Executive Retirement Plan (see page 31) Retiree health coverage (retiree shares cost)

The President has elected not to receive the financial planning reimbursement benefit, the parking benefit or potential benefits under the Leadership Separation Plan.

The Committee works with management to create what they believe is the best mix of these components in delivering the executives' total compensation. In doing so, about two-thirds of the targeted compensation package, made up of annual cash bonus and long-term incentives, is weighted towards "at risk" compensation that is earned when the Company or individual is successful in ways that also support shareholder interests. External consultants, including a compensation consultant retained by and reporting directly to the Committee, complement this process of creating the total compensation package by providing expertise and information.

### **Peer Group and Target Compensation**

The Committee looks to external market data as one reference point in reviewing and establishing individual pay components and total compensation. For these purposes, comparisons are made to a broad retail group of about 50 companies against whom the Company competes for talent and customers. The companies include most of our direct competitors such as Dillard's Inc., Federated Department Stores, Inc. (the parent company of Bloomingdales, Macy's and others), The Gap Inc., J. C. Penney Company Inc., Kohl's Corporation, Limited Brands, Inc., Saks Inc., Sears Holdings Corp and Target Corporation.

The market data is collected from the companies by an external compensation consulting firm on an annual basis. In fiscal year 2005, the average revenue size for companies in the broad retail group was approximately \$10 billion. In conducting pay comparisons, market data is size adjusted using regression analysis to reflect the current revenues for Nordstrom.

Within the total compensation package, the greatest emphasis is on annual cash bonus and long-term incentive compensation that must be earned through performance. For that reason, base salary, target bonus opportunity and long-term incentive value are targeted at market levels approximating the 50<sup>th</sup> percentile. When an individual or the Company performs successfully against pre-defined performance measures, rewards through annual cash bonus and long-term incentives can exceed those target levels.

The exception here is for the President. At his request, the President's targeted overall compensation package tracks more closely to levels below the 25<sup>th</sup> percentile for similar roles in the broad retail group. The Committee recognizes the President's significant accomplishments in leading the Company and supports his desire for a conservative pay position that rewards him for results that contribute to success for the Company and its shareholders.

### **Framework for Primary Compensation Components**

The framework for establishing base salary, the annual cash bonus and long-term incentives is summarized below. The President's compensation is noted for each component. Other significant compensation plans such as the Supplemental Executive Retirement Plan and 401(k) Plan & Profit Sharing are described on pages 31 and 33.

**Base salary.** Each year, the Committee begins its review of base salary by identifying pay levels for similar roles in other organizations. From here, the Committee considers the scope of responsibilities for each role, the value added by the executive throughout the year and the internal equity of established pay levels. Executives do not necessarily receive increases every year. When they do, the changes are effective April 1 of the new fiscal year. Promotional increases take place when new roles are assumed.

President's 2005 base salary: Again this year, the Committee proposed an increase to the President's base salary to reflect his performance and to improve his market position relative to the broad retail group. Base salary for the broad retail group at the 50<sup>th</sup> percentile is \$1,030,000. The President acknowledged the Committee's support, but requested to maintain his base salary at \$700,000 and focus instead on the annual cash bonus and long-term incentives that pay solely on performance to more closely align his compensation with shareholders' interests. The Committee honored the President's request to maintain his base salary at \$700,000 and instead increased the President's target bonus opportunity for fiscal year 2005 from 75% of base salary to 100% of base salary.

**Annual cash bonus.** Bonus awards only pay out when pre-determined performance measures are achieved. The Committee approves the measures and target bonus opportunities at the beginning of each year after reviewing the Company's strategic objectives and market pay information for similar roles in other organizations.

The bonus target and maximum are expressed as a percentage of base salary and the bonus measures vary by position depending on each role's area of responsibility and influence.

	<b>Bonus Target as a % of Base Salary</b>	<b>Bonus Maximum as a % of Base Salary</b>	<b>Bonus Measure Weighting and Definition</b>
President	100% (\$700,000)	250% = 2.5 x target (\$1,750,000)	Matrix of earnings before taxes (60% weight) and return on invested capital (40% weight)
EVP and President Merchandising and EVP and President Stores	125% (\$562,500)	312.5% = 2.5 x target (\$1,460,250)	Matrix of earnings before taxes (60% weight) and return on invested capital (40% weight)
Other Executive Management Group members (depending on role)	60%  40%  35% (dollar value varies by individual)	150% = 2.5 x target  100% = 2.5 x target  87.5% = 2.5 x target	Measures and weightings vary, but are generally 40% - 75% earnings before taxes (or the matrix described above) and 25% - 60% business unit or position specific measures

Business unit measures relate to an executive's area of focus and performance on net income, sales and expense. Position specific measures relate to an executive's role and individual performance on strategic planning, budgeting, marketing, technology, succession planning and human resource programs.

President's 2005 annual cash bonus: The Company's results exceeded expectations for the 2005 fiscal year. Total sales increased 8.3% to \$7.7 billion; same-store sales increased 6.0%, the fourth consecutive year of same-store sales gains; the Company exceeded its 2004 best-ever gross margin performance marking the fourth consecutive year of gross margin improvement; inventory turnover increased from 4.51 in 2004 to 4.84 in 2005, the fourth consecutive year of improvement; SG&A rate (expenses as a percentage of net sales) improved for the fifth consecutive year, and was the Company's lowest SG&A rate in over 10 years; and pre-tax margin improved for the third consecutive year, the highest level in the Company's public history.

These accomplishments contributed to a year over year increase of 36.8% in earnings before taxes and a strong improvement in return on invested capital. Over the 2005 fiscal year, the Company's Common Stock appreciated 77.6% and the Company's market capitalization expanded 76.5%. The Committee believes the Company accomplished these strong results while still enhancing the customer experience.

The President's cash bonus was based on a combination of two measures—earnings before taxes (60% weight) and return on invested capital (40% weight) as outlined above. His target bonus opportunity was 100% of base salary. Bonus target for the broad retail group at the 50<sup>th</sup> percentile is 110%. While the bonus target for the President is somewhat less than market, the maximum bonus opportunity can exceed that of other companies in the broad retail group when the Company reaches the highest levels of performance.

Company performance on the earnings before taxes and return on invested capital matrix measures resulted in a cash bonus to the President of \$1,506,680 for fiscal year 2005.

**Long-term incentives.** Annual equity grants provide Company leaders with the opportunity for financial rewards when the stock price increases. The targeted value of these grants varies by position and is expressed as a percentage of base salary as shown below. Considerations for the percentage include market competitiveness, share usage and dilution, number of overall grantees and internal equity.

	<b>Targeted Long-Term Incentive Value as a % of Base Salary</b>
President, EVP and President Merchandising, EVP and President Stores, EVP and Chief Financial Officer	150%
Other Executive Management Group Members	40% - 125%

For the Named Executive Officers and most other Executive Management Group members, the grant is made up of 75% stock options and 25% performance share units. The remaining Executive Management Group members receive 100% stock options. The Committee believes this mix of stock options and performance share units provides a good balance of equity-based vehicles that support successful outcomes for both short- and long-term decision making.

Stock options are granted at fair market value as of the date of grant and vest equally over a four-year period with a 10-year term. The Equity Incentive Plan does not allow for repricing, for grants below market value or for cash dividend payments on options.

Performance share units vest after a three-year performance period only when the Company's total shareholder return (growth in stock price and reinvestment of dividends) is positive and outperforms companies in a defined peer group of direct competitors as outlined on the following page. The percentage of units that vest depends on the Company's relative position at the end of the performance period. When the Company far outperforms the companies in the defined peer group, grantees are rewarded with more units than originally granted. This relative measurement of total shareholder return complements the absolute performance rewarded through stock options.

Performance share units vest when the Company's total shareholder return exceeds the following corresponding percentile rankings.

<b>Nordstrom Percentile Ranking of Total Shareholder Return</b>	<b>Performance Share Unit Vesting %</b>
85 <sup>th</sup>	125%
75 <sup>th</sup>	100%
65 <sup>th</sup>	85%
50 <sup>th</sup>	75%
<50 <sup>th</sup>	0%

The final percentile ranking and corresponding vesting percentage could change at the end of the performance period if there are changes in the number of companies in the defined peer group due to mergers, acquisitions, dissolutions or other industry consolidation. Regardless, performance share units will only be earned if the Company's total shareholder return is positive and in the top half of companies in the defined peer group.

Vested units are paid in cash or shares of the Company's Common Stock or may be deferred into the Executive Deferred Compensation Plan at the election of the executive made prior to vesting. Each vested unit is valued based on the closing price of the Company's Common Stock on the last business day of the three-year period.

Defined Peer Group for the 2003 Performance Share Units: The defined peer group for the performance share units granted on February 18, 2003 and completing their 3-year performance period on January 31, 2006, included the nine direct competitors listed on page 18 as well as May Department Stores Company and Neiman Marcus. Before the end of the 3-year performance period, May Department Stores Company was acquired by Federated Department Stores, Inc., and Neiman Marcus was acquired by private investors reducing the defined peer group from eleven to nine companies.

As a result of the reduction in the number of companies in the defined peer group, when the Committee certified performance achievement of the 2003 performance share units, it also approved a reapplication of the vesting schedule shown on the previous page. The relative ranking of Nordstrom total shareholder return was not impacted as it continued to outperform all companies in the peer group.

President's 2005 long-term incentives: The President's targeted long-term incentive value is 150% of base salary. The long-term incentive percentage of base salary for the broad retail group at the 50<sup>th</sup> percentile is 335%. In fiscal year 2005, the President received an option to purchase 67,502 shares of Common Stock and 13,500 performance share units. This represented approximately 3% of all options, performance share units and shares granted throughout the Company during the 2005 fiscal year.

The performance share units granted to the President (and other eligible executives, including the remaining Named Executive Officers) on February 18, 2003 ended their three-year performance period on January 31, 2006. Over the course of the performance period, Nordstrom total shareholder return outperformed all companies in the defined peer group which resulted in the units vesting at 125% of the original number granted.

Based on the vesting, the President's 19,444 performance share units at grant in 2003 were paid out as 24,305 units in 2006. The value of the units was calculated based on the number of vested units multiplied by the closing price of the stock on the last business day of the three-year performance period as outlined below.

Units at Grant	x	Vesting %	=	Units at Vest	x	Stock Price	=	Payout Value
19,444	x	125%	=	24,305	x	\$41.72	=	\$1,014,005

The President elected to have his 2003 vested performance share units be paid in cash.

Defined Peer Group for 2006 Performance Share Units: The Committee approved a change in the defined peer group used to determine vesting for the 2006 performance share unit grant and beyond so that in addition to the nine direct competitors listed on page 18 it will also include Abercrombie & Fitch Co., AnnTaylor Stores Corporation, Chico's FAS Inc., The Talbots Inc., Tiffany & Company and Urban Outfitters Inc, for a total of 15 companies. These companies were added to fill the vacancies created by May Department Stores Company and Neiman Marcus, to better represent our direct competitors and to provide additional peers in the event of future industry consolidation. In making the change, the Committee reviewed the potential impacts of the larger group on completed performance cycles and did not observe significant differences or advantages to the Company in the vesting result.

#### **Internal Revenue Code Section 162(m)**

Section 162(m) of the Internal Revenue Code disallows a tax deduction to public corporations for compensation over \$1 million paid to any Named Executive Officer. The statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. The Company's shareholder-approved 2004 Equity Incentive Plan and Executive Management Group Bonus Plan are designed to satisfy those requirements.

## Security Ownership of Certain Beneficial Owners and Management

### Stock Ownership and Guidelines

In order to align their interests with the interests of our shareholders, the Company encourages ownership of Company Common Stock by its Directors, officers and employees. We do this in a number of ways, including:

- paying Directors a significant portion of their yearly retainer in shares of the Company's Common Stock;
- making stock options and other equity-based awards under the Company's equity plans a significant portion of each executive's compensation;
- providing the opportunity for employees to purchase the Company's Common Stock under the Company's Employee Stock Purchase Plan; and
- providing the opportunity for employees to invest in the Company's Common Stock under the Company's 401(k) Plan & Profit Sharing; and

We have also adopted specific stock ownership guidelines for our directors and for our executives.

The Director Stock Ownership Policy requires each Director, within five years of joining the Board, to own Company Common Stock having a value of three times the annual director stock award and cash retainer fee. Under this policy, Directors are currently required to own Company Common Stock having a value of at least \$375,000.

The Executive Stock Ownership Guidelines apply to approximately 100 senior-level executives in the Company. The individuals have five years to accumulate a targeted number of shares of Company Common Stock, including shares accumulated in their 401(k) Plan & Profit Sharing accounts, having a value established through a multiple of base salary as of April 1, 2004. New executives have a prorated target. The multiples of base salary for the Named Executive Officers, shown in the Summary Compensation Table on page 29, and others are:

- six times for the President;
- three times for the EVP and President Merchandising, the EVP and President Stores, and the EVP and Chief Financial Officer;
- two times for the EVP and President Nordstrom Product Group, other business unit Presidents, and heads of major organizational functions reporting to the President and other senior executives; and
- one times for the next level of leadership (titles vary).

The Named Executive Officers are all on track to meet or exceed their ownership multiple by the established date.

The Named Executive officers and other grantees are permitted to elect to settle the vested units in stock at an equivalent value. The units valued for the 2005 payout were granted February 18, 2003 and ended their performance period on January 31, 2006. The percentage of units vested can range from 0% to a maximum of 125% depending on the Company's relative position at the end of the three-year performance period. Performance share units are described in more detail within the Compensation Committee Report.

## Employment Contracts, Termination of Employment and Change-in-Control Arrangements

The Company does not have employment contracts with any of the Named Executive Officers.

Under the Nordstrom Leadership Separation Plan, designated leaders, including the Named Executive Officers, are eligible to receive the following benefits based on leadership level and years of service upon involuntary termination of employment by the Company other than for cause:

- cash separation payment, reduced by any benefit provided the Named Executive Officer under the Supplemental Executive Retirement Plan. The maximum cash separation payment is two years of annual base salary;
- cash payment representing the cost of the Company-paid portion of continued medical and dental benefits for up to a maximum of twelve months. If benefits are elected by the participant, they must contribute an amount equal to an active employee payment; and
- up to six months of outplacement services.

In order to receive these benefits, a Named Executive Officer must release the Company from any claims he or she may have.

The President has elected not to receive any potential separation benefits under the Nordstrom Leadership Separation Plan upon termination.

Other than mentioned elsewhere in this proxy statement in connection with specific benefit plans, the Company does not provide any benefits upon a change in control of the Company.

## Option Grants

The following table reports information concerning option grants during the fiscal year ended January 28, 2006 to the Named Executive Officers:

					5%	10%
Blake W. Nordstrom	67,502	2.64%	\$26.01	2/23/2015	\$1,104,167	\$2,798,177

James R. O'Neal	30,154	1.18%	\$26.01	2/23/2015	\$493,246	\$1,249,981

- (a) Options were granted at the fair market value of the Company's Common Stock on February 23, 2005, the date of the grant. These options vest and become exercisable in four equal annual installments beginning one year from the date of grant. To the extent not already exercisable, options generally become exercisable upon a change of control of the Company or a sale of substantially all of its assets.
- (b) The potential realizable value is calculated by growing the grant price by five and ten percent over a ten-year period, reducing the appreciated value by the original grant price and multiplying by the number of options granted.

## Option Exercises and Year End Value Table

The following table sets forth information concerning option exercises during the fiscal year ended January 28, 2006 and the value of options held on that date by the Named Executive Officers:

- (b) The dollar value of unexercised, in-the-money options equals the difference between the closing price of the Company's Common Stock on January 28, 2006 and the grant price, multiplied by the number of in-the-money options both exercisable and unexercisable.

## Pension Plan Table

The Nordstrom Supplemental Executive Retirement Plan ("SERP") is a reward for sustained contribution by executives in significant organizational roles that adds to their financial security upon retirement.

Participants are eligible for a full SERP benefit at normal retirement age of 58 with 25 years of service. They may retire and receive a benefit between the ages of 53 and 57 with at least 10 years of service, but the benefit is

reduced 10% for each year that retirement age is less than 58. Additional reductions are made to the benefit at any retirement age if the participant has less than 25 years of service.

The Plan provides a benefit to approximately 45 executives at two different Tier levels depending on the participant's role in the organization. The Named Executive Officers are eligible for the SERP benefit at Tier level I, except as noted for James R. O'Neal. The primary participants and benefit provisions at each Tier are outlined in the table below.

SERP Level	Primary Participants	Full Benefit
Tier I	<ul style="list-style-type: none"> <li>• President</li> <li>• Business unit Presidents and heads of major organizational functions reporting to the President</li> <li>• General Merchandise Managers</li> </ul>	40% of final average pay (1.6% per year for up to 25 years)
Tier II	<ul style="list-style-type: none"> <li>• Corporate Merchandise Managers</li> <li>• Regional Managers</li> </ul>	20% of final average pay (0.8% per year for up to 25 years)

"Final average pay" is the average base pay and annual cash bonus of the highest 36 months over the longer of the most recent 5 years of service or the entire period of service after the participant's 53<sup>rd</sup> birthday. There is no offset for Social Security or other Company retirement benefits such as 401(k) Plan and Profit Sharing. The annual SERP benefit is paid upon retirement for the remaining life of the executive with a 50% annuity paid to the surviving spouse or life partner upon the executive's death.

The table below shows the estimated annual SERP benefit payable to the Named Executive Officers upon normal retirement at age 58, with the exception of James R. O'Neal as noted. For purposes of reporting, the estimated benefit reflected here is based on base pay and annual cash bonus as shown for the three years in the Summary Compensation Table.

\$2,200,000	\$352,000	\$528,000	\$704,000	\$880,000

As part of the August 2003 SERP restatement, the Board of Directors approved a transitional SERP benefit for James R. O'Neal and other eligible executives that bridges the benefit under the prior and current plans. The transitional benefit will allow Mr. O'Neal to receive a SERP benefit that is the greater of the Tier I benefit described above or a benefit under the previous SERP Plan.

- The previous Plan has a target benefit of 60% of final average pay calculated as 2.4% for each year up to a maximum of 25 years. The normal retirement age is 60 and the earliest retirement age is 50. The benefit is

reduced by 3% for each year that age plus years of service at time of retirement is less than 75. The benefit is offset by Company contributions under the 401(k) Plan & Profit Sharing. There is no offset for Social Security.

- The transitional benefit, if greater than the benefit described above, is the same as the previous Plan except that normal retirement is age 55 and the earliest retirement is age 53 with the benefit reduced by 12.5% for each year prior to age 55.

The SERP is a non-qualified benefit plan, so the Company has discretion as to when it funds this obligation. Please see Note 3 on page 37 of the Company's Annual Report to Shareholders for a reconciliation of benefit obligations and the funded status of the SERP.

In the event of a change in control, eligible executives will become 100% vested in their accrued SERP benefit, and the Company will fully fund the trust established to provide these benefits.

The credited years of service to the Company for the Named Executive Officers are:

- Blake W. Nordstrom: 24 years
- Peter E. Nordstrom: 21 years
- Erik B. Nordstrom: 21 years
- Michael G. Koppel: 9 years
- James R. O'Neal: 25 years

In 2005, the Committee approved a provision to the SERP that allows for the granting of additional years of service to select individuals hired mid-career who may not be able to earn the 25 years of service required to receive full SERP benefits at retirement age. Mike Koppel has been identified as eligible for this provision and three of his nine years are additional years of service granted for purposes of receiving the SERP benefit.

### **Savings and Employee Stock Purchase Plans**

The Company offers a 401(k) Plan & Profit Sharing to all Nordstrom employees, including the Named Executive Officers. Enrolled employees may defer up to 50% (15% for highly compensated employees, including the Named Executive Officers, as defined in Section 414(q)(l) of the Internal Revenue Code) of their before-tax pay and bonus into the 401(k) portion of the Plan. The Company matches 100% of the employee contributions up to 4% of eligible pay. Employees direct contributions under the Plan to any of 11 investment alternatives including the Company's Common Stock.

Based on a predetermined formula, including overall Company performance, the Board of Directors approves annually an amount to be contributed by the Company to the Profit Sharing portion of the Plan. The amount allocated to the accounts of individual employees is based on their years of service and annual pay in the preceding year.

The Company also offers an Executive Deferred Compensation Plan to designated leadership level employees with a minimum base salary of \$85,000, including the Named Executive Officers. Under this Plan, enrolled employees may defer future base salary, annual cash bonus and earned performance share units, and direct the contributions to any of 15 deemed investment alternatives. With the exception of deferred performance share units, the alternatives do not include the Company's Common Stock.

The Company also offers an Employee Stock Purchase Plan (as described in greater detail on pages 7 through 8) to all eligible Nordstrom employees, including the Named Executive Officers. Enrolled employees may contribute up to 10% of their post-tax pay and bonus to purchase Company Common Stock at a 10% discount from the closing price on the last day of each six-month offering period, not to exceed Internal Revenue Service and Plan limits.

## Certain Relationships and Related Transactions

The following section describes, for the fiscal year ended January 28, 2006: (i) transactions in which the Company or any of its subsidiaries was a party, in which the amount involved exceeded \$60,000 and in which a director, a director nominee, an executive officer or a security holder known to own more than five percent of the Company's Common Stock had, or will have, a direct or indirect material interest, or (ii) certain business relationships that existed between the Company and directors or director nominees, or between the Company and entities affiliated with such directors or director nominees.

During the fiscal year ended January 28, 2006, the Company and JBW Aircraft Leasing Company, Inc. ("JBW"), of which John N. Nordstrom, retiring Director, Bruce A. Nordstrom, retiring Chairman, and D. Wayne Gittinger, retired Director, are the sole shareholders, leased their respective aircraft to each other. JBW leased its Challenger 601 aircraft to the Company under a Dry Lease at a rate of \$2,700 per hour. The Company used JBW's aircraft a total of 354 hours and paid JBW \$941,490 pursuant to that lease. The Company leased its two aircrafts to JBW under Dry Leases at a rate of \$2,700 per hour for the Company's Challenger 601 and \$2,700 per hour for the Company's Challenger 300. JBW paid the Company \$193,590 for 71.7 hours use during that period. The Dry Lease rates were based on a survey of available lease/charter rates from third parties. The Company believes these arrangements were favorable to the Company, inasmuch as its use of JBW's aircraft involved no capital investment by the Company.

JBW and its owners paid the Company \$209,660 for maintenance services, pilot services, management fees and hangar rent during the fiscal year ended January 28, 2006. These payments exceeded the cost to the Company of providing those services and were based on a survey of similar services and rates available from independent third parties. These rates were increased in January 2006 based upon an updated survey of rates for maintenance services, pilot services, management fees and hangar rent available from independent third parties. In the Company's opinion, the charges were fair and beneficial to the Company in that the Company was able to employ an additional full-time mechanic and the Company had access to an additional aircraft for business use, when needed.

During the fiscal year ended January 28, 2006, JBW began negotiations for the purchase a new Challenger 604 aircraft from Bombardier Inc. The Company had been considering a replacement of one of its own aircraft that is approximately 18 years old, and it took advantage of JBW's purchase to evaluate whether the Company could benefit by purchasing its aircraft from Bombardier at the same time as JBW. In January 2006 the Company and JBW each entered into agreements to purchase a Challenger 604 aircraft from Bombardier Inc. Although they were separate transactions, Bombardier gave the Company and JBW discounts and credits that would normally be afforded to a buyer of multiple aircrafts. Those included identical discounts on the aircraft as well as credits for future purchases of aircraft parts and services. The Company believes that this benefited the Company by providing it with discounts and benefits that would not have otherwise been available to the Company.

During the fiscal year ended January 28, 2006, JW Limited, of which John N. Nordstrom is the sole shareholder, paid the Company \$48,511 for maintenance services, management fees and hangar rent. These payments equaled or exceeded the actual cost to the Company of providing those services. These rates were subsequently increased in January 2006 to reflect current survey information gathered by the Company about cost and rates for these services from independent third parties.

Tonja M. Kuntz, the wife of Llynn (Len) Kuntz, an Executive Vice President of the Company, was employed by the Company as a corporate merchandise manager during the fiscal year ended January 28, 2006 at a base salary and cash bonus totaling \$401,958.

Steven M. Mackie, the son of David L. Mackie, a Vice President and the Corporate Secretary of the Company, was employed by the Company as an assistant shoe buyer during the fiscal year ended January 28, 2006 at a base salary and cash bonus totaling \$60,303.

Sharolyn D. Mays, the sister-in-law of Laurie M. Black, an Executive Vice President of the Company, was employed by the Company as an assistant women's specialized buyer during the fiscal year ended January 28, 2006 at a base salary and cash bonus totaling \$79,644.

James (Jamie) F. Nordstrom, Jr., the nephew of John N. Nordstrom, a retiring Director, was employed by the Company as an Executive Vice President and President Nordstrom Direct during the fiscal year ended January 28, 2006 at a base salary and cash bonus totaling \$475,827.

Lisa S. O'Neal, the wife of James R. O'Neal, an Executive Vice President of the Company, was employed by the Company as a corporate merchandise manager during the fiscal year ended January 28, 2006 at a base salary and cash bonus totaling \$240,741.

Tanya L. Toschi, the sister of Linda Finn, an Executive Vice President of the Company, was employed by the Company as a marketing manager during the fiscal year ended January 28, 2006 at a base salary and cash bonus totaling \$74,649.

The Company furnishes secretarial services and office space to a former Director and Co-Chairman of the Board.
