## Explanation of Responses:

- 1. Granted under the issuer's 2019 Equity Incentive Plan.
- 2. The number of options granted is not known at this time. The number is calculated as a function of certain assumptions, including risk-free interest rate, volatility, dividend yield, and expected life. The formula for determining the number of options granted is: number of options = grant value/option fair value. This Form 4 will be amended to report the number of options granted when that number has been calculated.
