Proxy Statement
Approximate Mailing
Date:
April 18, 2002

This Proxy Statement is furnished to the Shareholders of Nordstrom, Inc. in connection with the solicitation of proxies by the Board of Directors for use at the Annual Meeting of Shareholders to be held on May 21, 2002 and any adjournment thereof. If the enclosed Proxy is executed and returned, it will be voted in accordance with the instructions given, but may be revoked at any time if it has not been exercised by notifying the Secretary of the Company in writing. If no contrary instruction is indicated on the Proxy, then each Proxy will be voted for Proposals 1, 2, 3 and 4, and, if it is presented, against Proposal 5, and may be voted on such other matters as may properly come before the Annual Meeting.

Only holders of the Company's Common Stock are entitled to vote at the Annual Meeting. There were 134,612,925 shares of Common Stock outstanding as of March 18, 2002, the record date for the Annual Meeting. Shareholders are entitled to one vote for each share of Common Stock held of record at the close of business on March 18, 2002. Under Washington law and the Company's Amended and Restated Articles of Incorporation, a quorum consisting of a majority of the shares eligible to vote must be represented in person or by proxy to elect directors and to transact any other business that may properly come before the Annual Meeting. For election of directors, the nominees elected will be those receiving the greatest number of votes cast by the shares entitled to vote, up to the number of directors to be elected. Any action other than a vote for a nominee will have the effect of voting against that nominee.

The amendment to the Company's Articles of Incorporation will be approved, the 2002 Nonemployee Director Stock Incentive Plan will be adopted, the appointment of auditors will be ratified, and the Shareholder proposal will be adopted if the votes cast in favor of the respective action exceed the votes cast against it. Abstentions and nonvotes by brokers will have no effect since such actions do not represent votes cast by Shareholders.

The normal annual retirement benefit provided by the Supplemental Executive Retirement Plan is 2.4% of the monthly average compensation for the highest thirty-six months measured over the final sixty months of employment or the entire period of service after age 50, multiplied by the number of years of service with the Company, up to a maximum of twenty-five years. From this value is subtracted the monthly annuity that could be purchased at retirement using the lump sum value of the (i) Profit Sharing Retirement Plan, and (ii) 401(k) Plan and Executive Deferred Compensation Plan accounts funded by Company contributions, and including (iii) any pre-retirement distributions received from (i) and (ii). **Compensation and Stock
Option Committee Report on
the Fiscal Year Ended
January 31, 2002**

The Compensation and Stock Option Committee is comprised of four directors, and is responsible for setting compensation levels for the President and certain of the Company's Executive Vice Presidents. The Committee also consults with the President with respect to the compensation and benefits for other officers and with respect to the benefits for certain other employees of the Company.

Compensation Philosophy

The Company bases the various components of its executive compensation program on differing measures of Company performance and Shareholder value. The overall goal of the Committee is to develop compensation programs and policies that are consistent with and linked to the Company's strategic business objectives, including management's value-based approach to managing the Company. The program is designed to:

(i) play a critical role in attracting and retaining those executives deemed most able to further its goal of aligning the Company's interests with creating value for Shareholders; and

(ii) reward executives for medium- and long-term Company performance and value created for Shareholders as measured by a mix of factors, including increases in Company stock price, sales increases and earnings, and other performance-related value drivers, which will or should increase Shareholder return.

Compensation Components

The Company's executive compensation program is based on three components, each of which furthers a different objective, but all of which together are intended to serve the Company's overall compensation philosophy by more closely aligning the Company's compensation program with the goal of increasing value for Shareholders.

Base Salary. Base salary is reviewed annually based on the Committee's view of how the management team and the respective individual contributes to the overall performance of the Company. Overall performance of the Company is measured by a number of factors including the Company's earnings, its performance versus its retail competitors, its performance versus budget and the Committee's assessment of management skills. None of these factors is necessarily given greater weight than any other factor. The Committee also reviews the median base salaries for competitors in the specialty retailing field and other related markets as appropriate, including companies listed in Standard & Poor's Retail Store Composite referenced in the Performance Graph on page 15.

Annual Bonus Incentives. Annual bonus incentives are intended to reflect the Company's belief that management's contribution to medium- and long-term Company performance comes, in part, from improvement in the Company's earnings, division net income, expense control and other measures. Annual bonus incentives for the President and certain of the Executive Vice Presidents are based on various combinations of earnings before taxes, division net income, expense control, and strategic initiatives. The amount of the respective bonuses is based on the achievement of targets, which, in turn, relate to pre-established percentages of the respective executive's base salary. Under this plan, executive officers do not receive any bonus incentives until the applicable minimum specified performance target is achieved. Bonuses for the fiscal year ended January 31,

2002 were paid only to those executive officers who achieved performance targets relating to earnings before taxes, division net income, expense control and, strategic initiatives.

Long-Term Incentives. Stock Options. The 1987 Stock Option Plan expired in August 1997. The 1987 Plan authorized granting options to key employees of the Company and its subsidiaries. A number of options granted under this Plan remain outstanding. The 1997 Stock Option Plan, adopted for a term of 10 years beginning May 20, 1997, authorizes granting options to employees of the Company and its subsidiaries. Both the 1987 and 1997 Stock Option Plans are administered by the Committee.

The stock option incentive component of the total compensation package is intended to retain and motivate executives to increase total return to Shareholders. Stock options must be granted at no less than the fair market value of the Company's Common Stock and will only have value if the Company's stock price increases from the time of the award. Vesting of options granted before February 1999 occurs only during employment with the Company or a subsidiary upon each anniversary of the award, unless vesting is subject to performance goals established by the Committee in which case a pro rata portion of the option could eventually vest. Vesting of options granted since February 1999 continues after retirement for those persons who do not thereafter compete with the Company during the vesting period.

The number of stock options granted to the executive officers named in the Summary Compensation Table is currently determined by the Committee pursuant to a formula without reference to the number of stock options granted previously. Pursuant to the formula, the number of option shares granted has corresponded to the number of underlying Company shares that would produce a value ranging from 60% to 113% of the participant's yearly salary, calculated based on the Black-Scholes formula. Stock options are currently granted to those executives in February of each year. Since the formula is keyed to salary, the performance factors discussed in the Base Salary paragraph also apply to this compensation component. The Committee reserves the right to change or eliminate the formula at any time.

Performance Share Units. The 1997 Stock Option Plan also authorizes granting performance share units to employees of the Company and its subsidiaries. Performance share units entitle the grantee to receive shares of the Company's Common Stock (or cash in lieu thereof) upon the achievement of pre-established performance goals related to comparative shareholder return.

Restricted Stock. The 1997 Stock Option Plan authorizes granting shares of restricted stock to employees of the Company and its subsidiaries.

Retirement. The Profit Sharing Retirement Plan covers all regular employees of the Company and certain of its subsidiaries, including the executive officers named in the Summary Compensation Table. The Board of Directors determines annually an amount to be contributed by the Company to the Profit Sharing Retirement Plan. The Company's contribution is allocated based on a participant's years of service with the Company, with participants receiving an allocation of 0% to 3% of compensation based upon the Company's performance and years of service. For purposes of these allocations, compensation is limited to \$170,000 and \$200,000 for calendar

years 2001 and 2002 respectively. Distributions are made in accordance with the Plan's provisions at normal retirement age, or earlier, at termination of employment, death, disability or hardship.

The Supplemental Executive Retirement Plan provides retirement benefits to certain senior executives of the Company. This Plan is described in the note to the Pension Plan Table on page 11.

Savings. Pursuant to the 401(k) Plan, employees may elect to have the Company pay from 1% to 15% of the employee's compensation, up to a maximum of \$10,500 and \$11,000 for 2001 and 2002 respectively (with an additional \$1,000 maximum beginning in 2002 for employees over 50 years of age), to the 401(k) Plan instead of paying that amount to the employee. The Company matches 100% of the employee's contribution up to 4% of the employee's compensation. Monies in the account are invested at the direction of the employee among one or more of 11 funds, one of which consists of Common Stock of the Company, or through a brokerage account maintained by the Plan's Trustee. Distributions are made in accordance with the Plan's provisions at normal retirement age, or earlier, at termination of employment, death, disability or hardship.

The Executive Deferred Compensation Plan provides qualified employees with the opportunity to elect to defer future salary, bonuses and any earned performance share units before these amounts are actually earned. Executives are eligible to participate in the Plan if they earn an annual base salary of at least \$85,000. Deferrals are not subject to income taxation until amounts are actually received by the participants upon termination of employment or retirement.

Compensation of the President

The base salary for the President is determined by the Committee based on overall Company performance. That performance is measured by a number of factors including the Company's earnings, real or perceived retail environment and competitive conditions, performance versus budget, growth in sales and the Committee's assessment of management skills. The base salary of the President did not increase during the 2001 fiscal year.

The annual bonus incentive for the President was based on earnings before taxes. Those targets were not met and the President did not receive any bonus during the fiscal year ended January 31, 2002.

The President received stock options during the fiscal year ended January 31, 2002 pursuant to the formula used for all other executive officers named in the Summary Compensation Table as previously described.

Additional Information

The tables under "Compensation of Executive Officers in the Year Ended January 31, 2002" may be found earlier in this Proxy Statement and reflect the decisions covered by the foregoing discussion.

Internal Revenue Code Section 162(m) disallows a tax deduction to public corporations for compensation over \$1,000,000 paid to the executive officers named in the Summary Compensation Table. The statute exempts qualifying "performance-based compensation" from the deduction limit if certain requirements are met. The Committee currently structures performance-based compensation, including stock option grants and annual bonuses to executive officers who may be subject to Section 162(m), in a

manner that satisfies those requirements. The Committee reserves the authority to award non-deductible compensation in circumstances that are in the best interests of the Shareholders and the Company.

Proposal 2: Amendment to the Company's Articles of Incorporation

The Board of Directors has approved, and is recommending to the Shareholders for approval at the Annual Meeting, an amendment to Paragraph 1 of Article IV of the Company's Articles of Incorporation to increase the number of shares of Common Stock which the Company is authorized to issue from 250,000,000 to 500,000,000. The Board of Directors determined that this amendment is advisable and should be considered at the meeting. The full text of the proposed amendment to the Articles of Incorporation is set forth below.

The 250,000,000 additional shares would be a part of the existing class of Common Stock and, if and when issued, would have the same rights and privileges as the shares of Common Stock presently issued and outstanding. The Board of Directors believes it is desirable to increase the number of shares of Common Stock the Company is authorized to issue to provide the Company with adequate flexibility in the future. The Company has no present commitments, agreements, or intent to issue additional shares of Common Stock, other than with respect to currently reserved shares, in connection with the transactions in the ordinary course of the Company's business, or shares which may be issued under the Company's stock option, stock purchase, and other existing employee benefit plans.

The proposed amendment to Paragraph 1 of Article IV would permit the issuance of additional shares up to the new 500,000,000 maximum without further action or authorization by Shareholders (except as may be required in a specific case by law or the rules of the New York Stock Exchange). The holders of Common Stock of the Company are not entitled to preemptive rights or cumulative voting. Accordingly, the issuance of additional shares of Common Stock might dilute, under certain circumstances, the ownership and voting rights of Shareholders. The proposed increase in the number of shares of Common Stock the Company is authorized to issue is not intended to inhibit a change in control of the Company. The availability for issuance of additional shares of Common Stock could discourage, or make more difficult, efforts to obtain control of the Company. For example, the issuance of shares of Common Stock in a public or private sale, merger, or similar transaction would increase the number of outstanding shares, thereby possibly diluting the interest of a party attempting to obtain control of the Company. The Company is not aware of any pending or threatened efforts to acquire control of the Company.

If approved, Paragraph 1 of Article IV of the Company's Articles of Incorporation would be amended and restated as follows:

1. The aggregate number of shares which the Corporation shall have the authority to issue is 500,000,000 shares of Common Stock, all of which are without par value.

The Board of Directors considers the proposed amendment to be in the best interests of the Company. As of the March 18, 2002 Record Date, there are 134,612,925 shares of Common Stock outstanding. Approval of the amendment would allow the Company to have a larger number of shares available for use in future situations, including general corporate purposes.

The Board of Directors of the Company recommends that you vote **FOR** this Proposal.

Proposal 3: Approval of the 2002 Nonemployee Director Stock Incentive Plan

General

The Board of Directors recently adopted, subject to Shareholder approval, the 2002 Nonemployee Director Stock Incentive Plan (the "Plan") covering 450,000 shares of the Company's Common Stock.

The purpose of the Plan is to promote the long-term success of the Company and the creation of Shareholder value by encouraging the attraction and retention of Nonemployee Directors with exceptional qualifications and linking Nonemployee Directors directly to Shareholder interests through increased stock ownership. The Plan seeks to achieve this purpose by providing for awards in the form of restricted shares, stock units, nonqualified stock options or stock appreciation rights, or any combination of these forms. The Plan is summarized below. This summary is qualified in all respects by reference to the full text of the Plan, which has been filed with the Securities and Exchange Commission as an Appendix to this Proxy Statement.

Summary of the Plan

All of our directors who are not employees or officers of the Company are eligible to receive awards under the Plan. If D. Wayne Gittinger, Enrique Hernandez, Jr., John A. McMillan, John N. Nordstrom, Alfred E. Osborne, Jr., William D. Ruckelshaus, Bruce G. Willison and Alison A. Winter are elected as directors at the Annual Meeting, there will be eight directors eligible to receive awards under the Plan.

The Plan authorizes the grant of awards in the form of restricted shares, stock units, nonqualified stock options or stock appreciation rights, or any combination of these forms. Generally, restricted shares are shares of Common Stock subject to any restrictions the Committee (defined below) deems appropriate such as conditions relating to vesting, sale or transfer; stock units are unfunded contractual rights to receive an amount based on the value of the Common Stock; nonqualified stock options are stock options not described in Sections 422 or 423 of the Internal Revenue Code; and stock appreciation rights are rights to receive the appreciation, if any, in the value of the underlying Common Stock between the date of grant and the date of exercise.

A maximum of 450,000 shares may be covered by awards under the Plan. If restricted shares, stock units, common shares issuable upon the exercise of stock options or stock appreciation rights are forfeited or terminated, then the corresponding common shares will again become available for awards under the Plan.

The Company's Corporate Governance and Nominating Committee (the "Committee") will administer the Plan and shall (a) select the Nonemployee Directors who are to receive awards under the Plan, (b) determine the type, number, vesting requirements, if any, and other features and conditions of such awards, (c) interpret the Plan and (d) make all other decisions relating to the operation of the Plan. The Committee may allow participants to defer awards under the Plan into the Company's Directors Deferred Compensation Plan. The Committee may also adopt rules or guidelines as it deems appropriate to implement the Plan. The Committee's determinations under the Plan are final and binding on all persons.

The Board of Directors may at any time and for any reason amend or terminate the Plan. The Plan remains in effect until it is terminated by the

Board of Directors. An amendment of the Plan is subject to the approval of the Shareholders only to the extent required by applicable laws, regulations or rules.

Certain Federal Income Tax Consequences

The following discussion of the federal income tax consequences of the Plan is intended to be a summary of applicable federal law. State and local tax consequences may differ. Because the federal income tax rules governing options and related payments are complex and subject to frequent change, award recipients under the Plan are advised to consult their tax advisors prior to exercise of options or dispositions of stock.

A grantee of shares of restricted stock recognizes ordinary income on the date of receipt equal to the value of such shares (less any consideration paid by the grantee) unless the shares of stock are subject to a substantial risk of forfeiture. If the shares of stock are subject to a substantial risk of forfeiture, absent an election by the grantee to be taxed on the date of grant, then the grantee will recognize ordinary income when the risk of forfeiture lapses. The Company is entitled to an income tax deduction in the year the grantee recognizes income equal to the amount of income recognized by the grantee.

A grantee of non-qualified stock options is not taxed on the grant of a non-qualified stock option. On exercise, however, the grantee recognizes ordinary income equal to the difference between the option price and the fair market value of the shares on the date of exercise. The Company is entitled to an income tax deduction in the year of exercise in the amount recognized by the grantee as ordinary income. Any gain on subsequent disposition of the shares is long term capital gain if the shares are held for at least one year following exercise. The Company does not receive a deduction for this gain.

A grantee of stock units is not taxed on the grant of a stock unit or the vesting of the stock unit. In general, upon the settlement of a stock unit, the grantee will recognize ordinary income in an amount equal to the amount of cash or the value of the Common Stock distributed to the grantee by the Company. The Company will be entitled to an income tax deduction equal to the amount of ordinary income the grantee recognizes in connection with the settlement of the stock unit award.

A grantee of stock appreciation rights is not taxed on the grant of a stock appreciation right. In general, upon the exercise of a stock appreciation right, the grantee will recognize ordinary income in an amount equal to the amount of cash or the value of the Common Stock distributed to the grantee by the Company. The Company will be entitled to an income tax deduction equal to the amount of ordinary income the grantee recognizes in connection with the stock appreciation right exercise.

The Committee has full discretion to determine the number and amount of awards to be granted to Nonemployee Directors under the Plan. Therefore, the benefits and amounts that will be received by each Nonemployee Director as a group are not presently determinable.

The Board of Directors recommends a vote FOR adoption of the proposed 2002 Nonemployee Director Stock Incentive Plan.

**Proposal 4:
Ratification of Appointment
of Auditors**

The Board of Directors, acting upon the recommendation of the Audit Committee, has appointed the independent public accounting firm of Deloitte & Touche LLP to be the Company's auditors for the fiscal year ending January 31, 2003. As in the past, the Board has determined that it would be desirable to request ratification of its appointment by the Shareholders of the Company. If the Shareholders do not ratify the appointment of Deloitte & Touche LLP, the appointment of independent public accountants will be reconsidered by the Board. A representative of Deloitte & Touche LLP will be present at the Annual Meeting, will have the opportunity to make a statement if he or she so desires, and will be available to respond to appropriate questions.

Audit Fees. The aggregate fees billed by Deloitte & Touche LLP for professional audit services performed related to the fiscal year ended January 31, 2002 were \$575,024. **Proposal 5:
Shareholder Proposal
Regarding Human Rights**

The New York City Employee's Retirement System, the New York City Teacher's Retirement System, the New York City Fire Department Pension Fund and the New York City Police Pension Fund, through the Comptroller of the City of New York, 1 Centre Street, New York, New York 10007, has notified the Company that it intends to present the following Proposal at the Annual Meeting:

"Whereas, Nordstrom, Inc. currently has extensive overseas operations, and

Whereas, reports of human rights abuses in the overseas subsidiaries and suppliers of some U.S.-based corporations has led to an increased public

awareness of the problems of child labor, “sweatshop” conditions, and the denial of labor rights in U.S. corporate overseas operations, and

Whereas, corporate violations of human rights in these overseas operations can lead to negative publicity, public protests, and a loss of consumer confidence which can have a negative impact on shareholder value, and

Whereas, a number of corporations have implemented independent monitoring programs with respected human rights and religious organizations to strengthen compliance with international human rights norms in subsidiary and supplier factories, and

Whereas, these standards incorporate the conventions of the United Nations International Labor Organization (ILO) on workplace human rights which include the following principles:

- (1) All workers have the right to form and join trade unions and to bargain collectively. (ILO Conventions 87 and 98)
- (2) Workers representatives shall not be the subject of discrimination and shall have access to all workplaces necessary to enable them to carry out their representation functions. (ILO Convention 135)
- (3) There shall be no discrimination or intimidation in employment. Equality of opportunity and treatment shall be provided regardless of race, color, sex, religion, political opinion, age, nationality, social origin, or other distinguishing characteristics. (ILO Convention 100 and 111)
- (4) Employment shall be freely chosen. There shall be no use of force, including bonded or prison labor. (ILO Conventions 29 and 105)
- (5) There shall be no use of child labor. (ILO Convention 138), and,

Whereas, independent monitoring of corporate adherence to these standards is essential if consumer and investor confidence in our company’s commitment to human rights is to be maintained,

Therefore, be it resolved that shareholders request that the company commit itself to the implementation of a code of corporate conduct based on the aforementioned ILO human rights standards by its international suppliers and in its own international production facilities and commit to a program of outside, independent monitoring of compliance with these standards.”

The Company’s Statement in Opposition

The Company has adopted a multi-step approach with the goal of ensuring that the facilities operated by its vendors, subcontractors, and buying agents adhere to a high degree of ethical labor standards, provide a safe and healthy working environment, do not engage in discriminatory practices or violate basic human rights, and comply with all applicable employment laws with respect to wages and overtime. Since 1994, the Company has attempted to distribute the Nordstrom Partnership: Standards and Business Practice Guidelines (the “Guidelines”) to all existing and new vendors. The Guidelines apply to both domestic and overseas vendors. The code of conduct has been translated into several foreign languages for posting at the various facilities operated by the Company’s contractors.

The Guidelines, which are derived from the conventions of the United Nations International Labour Organization (“ILO”), state that the Company expects its vendors to comply with all applicable wage, hour and overtime laws, follow fair employment practices, comply with environmental standards, and provide a safe work environment. The Guidelines also specifically forbid the use of child, prison, or other forced labor. The Company routinely reviews the Guidelines to determine whether modifications are appropriate in light of new developments.

In order to ensure compliance with the Guidelines and applicable laws by vendors who manufacture private label goods for the Company: (i) vendors, subcontractors, and buying agents must confirm in writing that they will comply with the Guidelines prior to the initial placement of production and for continuing production, and vendors must re-commit annually; (ii) Company representatives review the Company’s code of conduct and quality standards in person with manufacturers; and (iii) Company personnel and/or outside independent third parties conduct annual announced and unannounced on-site inspections where they audit compliance with the Guidelines, including working environment, age of employees, and compliance with applicable laws. Interviews of the workers, the workers’ representative and the management are also performed during the inspections to verify that conditions and policies are in compliance with the Partnership Guidelines as well as local laws and regulations. Many of the individuals who perform our audits are trained by Social Accountability International (“SAI”), a charitable human rights organization dedicated to improving workplaces and communities. Additionally, our third-party monitor companies are accredited Fair Labor Association monitors and employ auditors trained in SA8000 auditing courses. The Company’s corrections program for suppliers found to be in violation of the Guidelines varies depending upon the severity of the violation. The Company’s first and foremost priority is to educate its suppliers on the importance of the Company’s Partnership Guidelines and guide them into full compliance. In the event of a major violation, such as forced labor, etc., the Company may choose to cancel outstanding orders, terminate contracts, and/or pursue legal action.

The Company is performing inspections on the private label manufacturing facilities using outside, independent monitors to ensure compliance with all the ILO conventions stated in the proponent’s proposal as well as many other very important ILO conventions. The Company believes that the provisions of its Guidelines, which are implemented through the above multi-step approach to ensure compliance, substantially comply with the spirit of the underlying conventions of the ILO and the independent monitoring programs that are the subject of the proponent’s proposal.

Accordingly, the Board of Directors of the Company Urges You To Vote **AGAINST** This Proposal.

Compliance with Section 16 of the Exchange Act of 1934

Based solely on its review of copies of reports made pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the Company believes that during the fiscal year ended January 31, 2002, all filing requirements applicable to its directors, executive officers and 10 percent shareholders were satisfied, except that John N. Nordstrom filed two reports late reporting the sale of shares of Common Stock by a limited partnership in which he has an interest.

Other Matters

The Board of Directors of the Company knows of no other matters that may come before the meeting. However, if any other matters should properly come before the meeting or any adjournment thereof, it is the intention of the persons named in the Proxy to vote the Proxy in accordance with their best judgment.

NORDSTROM, INC.
2002 NONEMPLOYEE DIRECTOR STOCK INCENTIVE PLAN

ARTICLE 1. INTRODUCTION.

The purpose of the Plan is to promote the long-term success of the Company and the creation of Shareholder value by (a) encouraging the attraction and retention of Nonemployee Directors with exceptional qualifications and (b) linking Nonemployee Directors directly to Shareholder interests through increased stock ownership. The Plan seeks to achieve this purpose by providing for Awards in the form of Restricted Shares, Stock Units, Options or stock appreciation rights. Capitalized terms are defined in Section 15 below.

ARTICLE 2. ADMINISTRATION.

2.1 Committee Composition. The Plan shall be administered by the Corporate Governance and Nominating Committee (the "Committee").

2.2 Committee Responsibilities. The Committee shall (a) select the Nonemployee Directors who are to receive Awards under the Plan, (b) determine the type, number, vesting requirements and other features and conditions of such Awards, (c) interpret the Plan and (d) make all other decisions relating to the operation of the Plan. The Committee may adopt such rules or guidelines as it deems appropriate to implement the Plan. The Committee's determinations under the Plan shall be final and binding on all persons.

ARTICLE 3. SHARES AVAILABLE FOR GRANTS.

3.1 Basic Limitation. Common Shares issued pursuant to the Plan may be authorized but unissued shares. The aggregate number of Options, SARs, Stock Units and Restricted Shares awarded under the Plan shall not exceed 450,000. The limitations of this Section 3.1 shall be subject to adjustment pursuant to Article 10.

3.2 Additional Shares. If Restricted Shares or Common Shares issued upon the exercise of Options are forfeited, then such Common Shares shall again become available for Awards under the Plan. If Stock Units, Options or SARs are forfeited or terminate for any other reason before being exercised, then the corresponding Common Shares shall again become available for Awards under the Plan. If Stock Units are settled, then only the number of Common Shares (if any) actually issued in settlement of such Stock Units shall reduce the number available under Section 3.1 and the balance shall again become available for Awards under the Plan. If SARs are exercised, then only the number of Common Shares (if any) actually issued in settlement of such SARs shall reduce the number available under Section 3.1 and the balance shall again become available for Awards under the Plan.

3.3 Dividend Equivalents. Any dividend equivalents paid or credited under the Plan shall not be applied against the number of Restricted Shares, Stock Units, Options or SARs available for Awards, whether or not such dividend equivalents are converted into Stock Units.

ARTICLE 4. ELIGIBILITY.

4.1 Grants. Only Nonemployee Directors shall be eligible for the grant of Restricted Shares, Stock Units, NSOs or SARs.

ARTICLE 5. OPTIONS.

5.1 Stock Option Agreement. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical. Options may be granted in consideration of a reduction in the Optionee's other compensation. A Stock Option Agreement may provide that a new Option will be granted automatically to the Optionee when he or she exercises a prior Option and pays the Exercise Price in the form described in Section 6.2.

5.2 **Number of Shares.** Each Stock Option Agreement shall specify the number of Common Shares subject to the Option and shall provide for the adjustment of such number in accordance with Article 10.

5.3 **Exercise Price.** Each Stock Option Agreement shall specify the Exercise Price, as determined by the Committee.

5.4 **Exercisability and Term.** Each Stock Option Agreement shall specify the date or event when all or any installment of the Option is to become exercisable. The Stock Option Agreement shall also specify the term of the Option. A Stock Option Agreement may provide for accelerated exercisability in the event of the Optionee's death, disability or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the Optionee's service. Options may be awarded in combination with SARs, and such an Award may provide that the Options will not be exercisable unless the related SARs are forfeited.

5.5 **Modification or Assumption of Options.** Within the limitations of the Plan, the Committee may modify outstanding Options; provided that no Option shall be repriced. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, alter or impair his or her rights or obligations under such Option.

5.6 **Buyout Provisions.** The Committee may at any time (a) offer to buy out for a payment in cash or cash equivalents an Option previously granted or (b) authorize an Optionee to elect to cash out an Option previously granted, in either case at such time and based upon such terms and conditions as the Committee shall establish.

ARTICLE 6. PAYMENT FOR OPTION SHARES.

6.1 **General Rule.** The entire Exercise Price of Common Shares issued upon exercise of Options shall be payable in cash or cash equivalents at the time when such Common Shares are purchased, except the Committee (in its sole discretion) may at any time accept payment in any form(s) described in this Article 6.

6.2 **Surrender of Stock.** To the extent that this Section 6.2 is applicable, all or any part of the Exercise Price may be paid by surrendering, or attesting to the ownership of, Common Shares that have been owned by the Optionee for at least six months. Such Common Shares shall be valued at their Fair Market Value on the date when the new Common Shares are purchased under the Plan. The Optionee shall not surrender, or attest to the ownership of, Common Shares in payment of the Exercise Price if such action would cause the Company to recognize compensation expense (or additional compensation expense) with respect to the Option for financial reporting purposes.

6.3 **Exercise/Sale.** To the extent that this Section 6.3 is applicable, all or any part of the Exercise Price may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to a securities broker approved by the Company to sell all or part of the Common Shares being purchased under the Plan and to deliver all or part of the sales proceeds to the Company.

6.4 **Exercise/Pledge.** To the extent that this Section 6.4 is applicable, all or any part of the Exercise Price may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to pledge all or part of the Common Shares being purchased under the Plan to a securities broker or lender approved by the Company, as security for a loan, and to deliver all or part of the loan proceeds to the Company.

6.5 **Promissory Note.** To the extent that this Section 6.5 is applicable, all or any part of the Exercise Price may be paid by delivering (on a form prescribed by the Company) a full-recourse promissory note.

6.6 **Other Forms of Payment.** To the extent that this Section 6.6 is applicable, all or any part of the Exercise Price may be paid in any other form that is consistent with applicable laws, regulations and rules.

ARTICLE 7. STOCK APPRECIATION RIGHTS.

7.1 **SAR Agreement.** Each grant of an SAR under the Plan shall be evidenced by an SAR Agreement between the Optionee and the Company. Such SAR shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various SAR Agreements entered into under the Plan need not be identical. SARs may be granted in consideration of a reduction in the Optionee's other compensation.

7.2 **Number of Shares.** Each SAR Agreement shall specify the number of Common Shares to which the SAR pertains and shall provide for the adjustment of such number in accordance with Article 10.

7.3 **Exercise Price.** Each SAR Agreement shall specify the Exercise Price.

7.4 **Exercisability and Term.** Each SAR Agreement shall specify the date when all or any installment of the SAR is to become exercisable. The SAR Agreement shall also specify the term of the SAR. An SAR Agreement may provide for accelerated exercisability in the event of the Optionee's death, disability or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the Optionee's service. SARs may be awarded in combination with Options, and such an Award may provide that the SARs will not be exercisable unless the related Options are forfeited. An SAR may be included in an NSO at the time of grant or thereafter.

7.5 **Exercise of SARs.** Upon exercise of an SAR, the Optionee (or any person having the right to exercise the SAR after his or her death) shall receive from the Company (a) Common Shares, (b) cash or (c) a combination of Common Shares and cash, as the Committee shall determine. The amount of cash and/or the Fair Market Value of Common Shares received upon exercise of SARs shall, in the aggregate, be equal to the amount by which the Fair Market Value (on the date of surrender) of the Common Shares subject to the SARs exceeds the Exercise Price. If, on the date when an SAR expires, the Exercise Price under such SAR is less than the Fair Market Value on such date but any portion of such SAR has not been exercised or surrendered, then such SAR shall automatically be deemed to be exercised as of such date with respect to such portion.

7.6 **Modification or Assumption of SARs.** Within the limitations of the Plan, the Committee may modify outstanding SARs; provided that no SAR shall be repriced. The foregoing notwithstanding, no modification of an SAR shall, without the consent of the Optionee, alter or impair his or her rights or obligations under such SAR.

ARTICLE 8. RESTRICTED SHARES.

8.1 **Restricted Stock Agreement.** Each grant of Restricted Shares under the Plan shall be evidenced by a Restricted Stock Agreement between the recipient and the Company. Such Restricted Shares shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various Restricted Stock Agreements entered into under the Plan need not be identical.

8.2 **Vesting Conditions.** Each Award of Restricted Shares may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Restricted Stock Agreement. A Restricted Stock Agreement may provide for accelerated vesting in the event of the Participant's death, disability or retirement or other events.

8.3 **Voting and Dividend Rights.** The holders of Restricted Shares awarded under the Plan shall have the same voting, dividend and other rights as the Company's other Shareholders. A Restricted Stock Agreement, however, may require that the holders of Restricted Shares invest any cash dividends received in additional Restricted Shares. Such additional Restricted Shares shall be subject to the same conditions and restrictions as the Award with respect to which the dividends were paid.

ARTICLE 9. STOCK UNITS.

9.1 **Stock Unit Agreement.** Each grant of Stock Units under the Plan shall be evidenced by a Stock Unit Agreement between the recipient and the Company. Such Stock Units shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The provisions of the various Stock Unit Agreements entered into under the Plan need not be identical. Stock Units may be granted in consideration of a reduction in the recipient's other compensation.

9.2 **Payment for Awards.** To the extent that an Award is granted in the form of Stock Units, no cash consideration shall be required of the Award recipients.

9.3 **Vesting Conditions.** Each Award of Stock Units may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Stock Unit Agreement. A Stock Unit Agreement may provide for accelerated vesting in the event of the Participant's death, disability or retirement or other events.

9.4 **Voting and Dividend Rights.** The holders of Stock Units shall have no voting rights. Prior to settlement or forfeiture, any Stock Unit awarded under the Plan may, at the Committee's discretion, carry with it a right to dividend equivalents.

Such right entitles the holder to be credited with an amount equal to all cash dividends paid on one Common Share while the Stock Unit is outstanding. Dividend equivalents may be converted into additional Stock Units. Settlement of dividend equivalents may be made in the form of cash, in the form of Common Shares, or in a combination of both. Prior to distribution, any dividend equivalents which are not paid shall be subject to the same conditions and restrictions as the Stock Units to which they attach.

9.5 Form and Time of Settlement of Stock Units. Settlement of vested Stock Units may be made in the form of (a) cash, (b) Common Shares or (c) any combination of both, as determined by the Committee. Methods of converting Stock Units into cash may include (without limitation) a method based on the average Fair Market Value of Common Shares over a series of trading days. Vested Stock Units may be settled in a lump sum or in installments. The distribution may occur or commence when all vesting conditions applicable to the Stock Units have been satisfied or have lapsed, or it may be deferred to any later date. The amount of a deferred distribution may be increased by an interest factor or by dividend equivalents. Until an Award of Stock Units is settled, the number of such Stock Units shall be subject to adjustment pursuant to Article 10.

9.6 Death of Recipient. Any Stock Units Award that becomes payable after the recipient's death shall be distributed to the recipient's beneficiary or beneficiaries. Each recipient of a Stock Units Award under the Plan shall designate one or more beneficiaries for this purpose by filing the prescribed form with the Company. A beneficiary designation may be changed by filing the prescribed form with the Company at any time before the Award recipient's death. If no beneficiary was designated or if no designated beneficiary survives the Award recipient, then any Stock Units Award that becomes payable after the recipient's death shall be distributed to the recipient's estate.

9.7 Creditors' Rights. A holder of Stock Units shall have no rights other than those of a general creditor of the Company. Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Stock Unit Agreement.

ARTICLE 10. PROTECTION AGAINST DILUTION.

10.1 Adjustments. In the event of a subdivision of the outstanding Common Shares, a declaration of a dividend payable in Common Shares, a declaration of a dividend payable in a form other than Common Shares in an amount that has a material effect on the price of Common Shares, a combination or consolidation of the outstanding Common Shares (by reclassification or otherwise) into a lesser number of Common Shares, a recapitalization, a spin-off or a similar occurrence, the Committee shall make such adjustments as it, in its sole discretion, deems appropriate in one or more of:

- (a) The number of Options, SARs, Restricted Shares and Stock Units available for future Awards under Article 3;
- (b) The number of Common Shares covered by each outstanding Option and SAR;
- (c) The Exercise Price under each outstanding Option and SAR; or
- (d) The number of Stock Units included in any prior Award which has not yet been settled.

Except as provided in this Article 10, a Participant shall have no rights by reason of any issue by the Company of stock of any class or securities convertible into stock of any class, any subdivision or consolidation of shares of stock of any class, the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class.

10.2 Dissolution or Liquidation. To the extent not previously exercised or settled, Options, SARs and Stock Units shall terminate immediately prior to the dissolution or liquidation of the Company.

10.3 Reorganizations. In the event that the Company is a party to a merger or other reorganization, outstanding Awards shall be subject to the agreement of merger or reorganization. Such agreement shall provide for settlement of the full value, if any, of the outstanding Awards in cash or cash equivalents followed by cancellation of such Awards.

ARTICLE 11. DEFERRAL OF AWARDS.

To the extent permitted and consistent with the terms of the Nordstrom, Inc. Directors Deferred Compensation Plan ("DDCP"), the Committee (in its sole discretion) may permit or require a Participant to:

(a) Have cash that otherwise would be paid to such Participant as a result of the exercise of an SAR or the settlement of Stock Units credited to such Participant's DDCP account;

(b) Have Common Shares that otherwise would be delivered to such Participant as a result of the exercise of an Option or SAR converted into an equal number of Stock Units and credited to such Participant's DDCP account; or

(c) Have Common Shares that otherwise would be delivered to such Participant as a result of the exercise of an Option or SAR or the settlement of Stock Units converted into amounts credited as Stock Units to such Participant's DDCP account. Such amounts shall be determined by reference to the Fair Market Value of such Common Shares as of the date when they otherwise would have been delivered to such Participant.

Provided, however, that such deferral shall not be effective unless the Participant enters into a deferral agreement with respect to the particular award at such time and in such form and manner as the Committee determines appropriate.

ARTICLE 12. AWARDS UNDER OTHER PLANS.

The Company may grant awards under other plans or programs. Such awards may be settled in the form of Common Shares issued under this Plan. Such Common Shares shall be treated for all purposes under the Plan like Common Shares issued in settlement of Stock Units and shall, when issued, reduce the number of Common Shares available under Article 3.

ARTICLE 13. LIMITATION ON RIGHTS.

13.1 **Shareholders' Rights.** A Participant shall have no dividend rights, voting rights or other rights as a Shareholder with respect to any Common Shares covered by his or her Award prior to the time when a stock certificate for such Common Shares is issued or, if applicable, the time when he or she becomes entitled to receive such Common Shares by filing any required notice of exercise and paying any required Exercise Price. No adjustment shall be made for cash dividends or other rights for which the record date is prior to such time, except as expressly provided in the Plan.

13.2 **Regulatory Requirements.** Any other provision of the Plan notwithstanding, the obligation of the Company to issue Common Shares under the Plan shall be subject to all applicable laws, rules and regulations and such approval by any regulatory body as may be required. The Company reserves the right to restrict, in whole or in part, the delivery of Common Shares pursuant to any Award prior to the satisfaction of all legal requirements relating to the issuance of such Common Shares, to their registration, qualification or listing or to an exemption from registration, qualification or listing.

ARTICLE 14. FUTURE OF THE PLAN.

14.1 **Term of the Plan.** The Plan, as set forth herein, shall become effective upon approval by the Company's shareholders. The Plan shall remain in effect until it is terminated under Section 14.2.

14.2 **Amendment or Termination.** The Board may, at any time and for any reason, amend or terminate the Plan. An amendment of the Plan shall be subject to the approval of the Company's Shareholders only to the extent required by applicable laws, regulations or rules.
